Subject: Vote for Nov 2020 Referendum Date

Hello Councilmembers:

Please vote to utilize the November 2020 election date for our city-wide referendum on adult use cannabis. I do not see any compelling reason from the taxpayer perspective to utilize a date that historically has far lower turnout than the general election.

instead. I am aware of cannabis business interests that would desire an earlier decision date, but I believe that your action on establishing the referendum date should be based on the interests of your constituents rather than a narrow business interest. A delay in the referendum date also enables us to see more actual results from the allowed use and its effects on municipalities and young adults.

I do not have any concerns about medical marijuana facilities in our town, but do not see any compelling case for more general usage as allowed by state law. Unintended consequences can be significant, as we've seen recently in the vaping related illnesses that are being identified across our country.

Thank you.

Kathy Benson
51 Forest Avenue
Naperville, IL 60540
(m) 630.507.5978

Recipient: Naperville City Council

Letter: Greetings,

Naperville Cannabis Referendum March 2020:

This petition was created in support of a March 2020 ballot measure to vote on an opt-in/opt-out referendum for cannabis sales. The referendum should be placed on the next possible ballot giving the power to the people by allowing the residents of Naperville a chance to vote allowing for their voices to be heard.
