Good afternoon owners/managers of Naperville Office Park Owners Association:

Mari, who manages 387 Shuman, has a new tenant, District 204 STEPS program, moving into their building. This tenant will require a special use to be approved at a public hearing on July 1, 2022. Please see below. She is asking members of the Association and her neighbors, if you could please respond to this email and let her know if you are okay with the special use to have this tenant in the building.

Please reply to all no later than next Wednesday June 22, 2022 if you have no problem with it and simply state. " _____your address_____ has no problem with the special use listed below. "

Please let Mari know if you have any questions. See below for more details.

Dear Theresa,

We are having District 204 STEPS program move into our building which requires them to get a special use permit through public assembly. City thought it would be strong if we show our neighbors (association) in support for them to be a Tenant.

What do I need to do to get a recommendation or board support (neighbors support)?

I would like to have this letter as part of our submittal next week so am looking to get this back this week if at all possible.
