***WRITTEN COMMENTS ONLY***

Stephen Wilkins (Naperville) - Closure of Edwards Fitness Center on Blum Ct - The proposed change of land use pertaining to the closure of Edwards Fitness Center without the opportunity for "public input" contravenes the recommendation on Page 43 of the 2008 Master Plan for the Martin-Mitchell Tract of land, that Edwards Hospital, now Edwards-Elmhurst Hospital (part of Northshore University Healthcare System) provide the opportunity for public input on any proposed land use changes. There were no opportunities for public input (only 30-day notice was given to the members and employees of the Fitness Center) which directly contravenes the written recommendations and spirit of the 2008 Martin-Mitchell Master Plan. In the spirit of this Master Plan, it would be in the interest of the public in Naperville that open public hearings on the proposed closure be held in a timely manner with reasonable public notification of such meetings. Respectfully submitted 3/19/2023 by Stephen Wilkins Naperville Resident

Angela (Naperville) - Closing of Edward Healthplex -I began swimming at the Edward Healthplex following a hip replacement. I learned about the courses through Edward's Take a Hike Challenge / Healthy Driven program. I've continued swimming there for the last 1 1/2 years & now swim with Waves. The facility there provides an environment where the community supports each other to be better, & healthier! I've witnessed women motivating & encouraging each other to show up & keep moving, especially when life has presented someone with the loss of a family member or serious health problem. This has been a place of healing and recovery for so many people in the community for decades. The need for aquatics programming in Naperville is evident, for all ages. This pool location is critical for the continued involvement of local Seniors. The closing of the Healthplex, & it's pool, will be a blow to the health & longevity of the community that Edward claims to serve.

## K. OLD BUSINESS:

## L. ORDINANCES AND RESOLUTIONS:

1. [Conduct the first reading of the ordinance amending Section 1-9B of the Naperville Municipal Code to modify the City's purchasing policies and guidelines to incorporate changes pertaining to responsible bidders](#)

Naperville Area Chamber of Commerce  
Beth Goncher (Naperville) spoke against the proposed responsible bidder ordinance (RBO) as presented.

Josh Weger (Countryside - Indiana-Illinois-Iowa Foundation for Fair Contracting) spoke in favor of the proposed RBO.

Council confirmed that the speaker does not have examples of poor quality work being done in Naperville.

Daniel Hebreard (Woodridge - DuPage County Forest Preserve) spoke in favor of the proposed RBO.

Council confirmed that the Forest Preserve is receiving strong bid packets, that a minimum price is not required and asked about specialty bids and the three quote process.

Joe Riley (Lombard - DuPage County Building Trades) spoke in favor of the proposed RBO.

Council confirmed that the speaker cannot give examples of inferior work being

done in Naperville or poor conduct exhibited by companies doing work in Naperville.

Council discussed apprenticeship programs, certified payroll, and prevailing wage.

White stated that he has received campaign donations from unions in excess of the \$750 threshold outlined in the Conflict of Interest ordinance.

Marilyn L. Schweitzer (Naperville) spoke in favor of the proposed RBO.

Ashley South (Naperville) spoke in favor of the proposed RBO.

Mayer stated that the current Municipal Code defines “responsible bidder,” explained what is required for each bid, that the work done at the City is diverse, and that awards are given based on responsive and responsible bid packages. She went on to say that the City has not experienced low quality work and that any specifications that are required are detailed on a per job basis.

Council discussed requiring training programs, appropriateness of requiring a minimum dollar threshold, and asked whether awarded contracts pay prevailing wage.

Mayer stated that the City requires awardees to pay prevailing wages, the City does not enforce prevailing wage, and that staff will notify the Department of Labor (DOL) when there is an allegation and the DOL will perform the investigation.

**A motion was made by Councilwoman Bruzan Taylor, seconded by Councilman Holzauer, to waive the first reading and pass the ordinance amending Section 1-9B of the Naperville Municipal Code to modify the City’s purchasing policies and guidelines to incorporate changes pertaining to responsible bidders.**

Council discussed the appropriateness of waiving the first reading, that staff believes the provisions in the current Code are sufficient to cover RBO tenets, and that the Financial Advisory Board (FAB) has not provided input.

DiSanto clarified that White disclosed campaign donations at his discretion and that it does not constitute a conflict of interest per the ordinance.

Council stated that they have not reviewed any reports from FAB in two years.

**Councilwoman Bruzan Taylor withdrew the motion to waive the first reading with the second (Holzauer) concurring.**

Council said there are enough votes to pass the RBO, discussed the appropriateness of waiving the first reading, that FAB was not able to get a quorum prior to the March 21 meeting to review the ordinance, that the ordinance had a first reading in September and Council members have done

their due diligence since that time.

**WRITTEN COMMENT ONLY**

Dear Mayor Chirico and Members of the City Council,

DuPage County has embarked on our most aggressive public works construction program ever. Through revenues from Rebuild Illinois and the American Rescue Plan Act in addition to the federal Infrastructure Investment and Jobs Act, DuPage County seeks to make needed investments in our roads, bridges, buildings, water and wastewater facilities and stormwater management. These investments will not only address our aging infrastructure but will ensure we meet the needs of our residents and businesses and continue to promote economic growth and opportunity in DuPage County. The success of our infrastructure investment program will rely upon a well-trained, robust, and motivated workforce, competent contractors, timely project delivery and a competitive market.

In March 2019, DuPage County passed its Responsible Bidder Ordinance (RBO) for public works construction projects. RBO was advanced out of a recognition of the importance of qualifications considerations when awarding contracts based on low bid. DuPage County's RBO emphasizes the need to ensure quality workmanship, efficient operations, safety, and timely completion of projects when awarding public works construction projects.

As Chair of the DuPage County Board, I have prioritized the stewardship, protection and strategic investment of taxpayer funds. Through the County's RBO, objective criteria have been established so that only those contractors meeting these requirements are awarded contracts. County public works departments have seen a marked increase in the quality and competence of contractors contracted by DuPage County under RBO. Gone is the award of public works construction contracts to unqualified but lowest bid contractors. To ensure that is no longer the case, proof of participation in a registered apprenticeship training program is the hallmark of our RBO program. Having such a requirement in place is not only essential to ensuring a qualified, competent, and well-trained workforce, but also ensures that those performing the work are safe and reliable. The evidence is clear that the quality, workmanship, and overall project delivery of projects under RBO is superior as compared to many projects prior to adoption of the RBO. This has especially been the experience of our public works departments for smaller value contracts which seemed to attract less qualified contractors. Competition has not been diluted with the passage of our RBO. Just the opposite. RBO ensures a level playing field among all bidders, encouraging greater interest and participation in county contracting opportunities.

With strong DuPage County ties, the DuPage County Building Trades Council (BTC) is a tireless industry advocate. You have actively supported revenue increases and legislation necessary to address our infrastructure needs. BTC is committed to ensuring a quality and highly skilled workforce and continues to invest in apprentice training programs to ensure the next generation of laborers, carpenters, operators, iron workers, etc. At no other time has workforce availability in the building trades been so important and with so much

opportunity. BTC is commended for their educational workshops and active outreach promoting building trades career opportunities. These trades offer good paying jobs and benefits that contribute back into our local economy fostering continued growth.

Given the apparent shortage of a competent, qualified workforce to complete the current public works projects in the Chicagoland region, the need to train new workers in these critical trades is more important than ever. The apprenticeship requirements contained within the RBO is essential in ensuring that we have a well-trained workforce for the projects that will be completed in the next 5, 10 or even 30 years. The successful training of younger workers today in all building trades will ensure that the Chicagoland region continues to be vibrant and thriving area of the country for years to come.

The DuPage County Building Trades Council has been a trusted partner with DuPage County in the success of our RBO. As DuPage County embarks on this transformational infrastructure investment program, I look forward to the continued collaboration with the many contractor members of the BTC and the skilled men and women so essential to our success, many of whom choose DuPage County to live, work and raise a family.

Sincerely, Deborah A. Conroy, Chair, DuPage County Board
