Re: Water Street and Webster Street Parking/Valet Regulations

Dear Andy:

As a follow up to my voice mail, I have reviewed the new subject parking control plan and am in support of it.

Upon consideration and several conversations with key people, it appears these changes will facilitate traffic flow through the area.

Very Respectfully,

A handwritten signature in blue ink that reads "Steven M. Rubin". The signature is written in a cursive style and is positioned above the typed name and title.
