Your responses will be forwarded to the Historic Preservation Commission along with the staff memo. **Before responding to the standards, review the Historic Building Design and Resource Manual (<https://www.naperville.il.us/contentassets/7fed1bf2ba19496fa9a037f019616748/cdg-historic-building-design-and-resource-manual.pdf>) against your proposed changes.** If your proposed changes are not listed in the Historic Building Design and Resource Manual as "encouraged" or "acceptable" changes, please respond to 5.3 and 5.4. in terms of scale, style, exterior features, building placement and site access, as related to the primary facade(s), in rendering a decision to grant or deny a certificate of appropriateness.

Explanation: Please describe how the proposed changes will be generally consistent with the overall character of the historic district. With this factor, the Historic Preservation Commission seeks to confirm that the proposed changes will not conflict with the characteristics (i.e., building setback, height, materials, etc.) that are typically found in the district.

Response to 5.1: THE HOME IS AN ITALIANATE STYLE HOME. WE WOULD LIKE TO ADD SECOND STORY ADDITION TO EXISTING ONE STORY AREA AT WEST END AND ADD NEW LARGE FRONT PORCH. OUR PROPOSED IMPROVEMENTS WILL ALIGN WITH THE ARCHITECTURE OF THE ITALIANATE STYLE AND WILL BE CONSISTENT WITH THE HISTORIC DISTRICT CHARACTER. ALL NEW MATERIALS WILL MATCH EXISTING AS FOUND ON THE HOUSE AS IT EXISTS NOW. ALL WINDOWS HAVE BEEN REPLACED WITH SAME SIZE AND SIMILAR GRILLE PATTERN. FRONT DOOR HAS BEEN REPLACED. FOR THIS PROCESS EXISTING SHUTTER WERE REMOVED AND NOT REINSTALLED.

5.2. Compatibility With Architectural Style: The Commission and Zoning Administrator shall consider the compatibility of the proposed improvement with the historic architectural style of the building or structure to be modified by the certificate of appropriateness request.

Explanation: As a structure in the Historic District, guidelines for appropriate maintenance, rehabilitation and new improvements to enhance and preserve the appearance of homes are outlined in the Historic Building Design and Resource Manual. The Manual also provides background information on each architectural style found in the Historic District. For this factor, please use the Historic Building Design and Resource Manual to identify the historic features of your home as well as if your proposed changes are "encouraged, acceptable or discouraged" in the manual. Please also reference the 2008 Architectural Survey (<https://www.naperville.il.us/about-naperville/historic-district/>) and identify if any of the listed significant features of the home are being removed or changed.

Response to 5.2: THE ADDITION OF SECOND STORY TO THE WEST WILL HAVE MATCHING DETAILS OF EXISTING HOME. DECORATIVE BRACKETS TO SUPPORT OVERHANG, FRIEZE BOARDS, SIDING AND WINDOWS TO MATCH EXISTING. NEW FRONT PORCH TO REPLACE EXISTING PORCH WILL BE MORE IN CHARACTER WITH ITALIANATE STYLE. NEW FOUNDATION OF PORCH WILL MATCH AS CLOSE AS POSSIBLE TO EXISTING. A LOW WITH SHINGLE AND COLUMNS. RAILING WILL ALIGN WITH WHAT IS CONSIDERED ACCEPTABLE IN THE MANUAL. HALF COLUMNS ON BUILT UP BOX AND WOOD RAILING AND BALUSTER INSTEAD OF METAL.

5.3. Economic Reasonableness: The Commission and the Zoning Administrator shall consider the economic reasonableness of any recommended changes determined to be necessary to bring the application into conformity with the character of the historic district.

Explanation: If the proposed improvement is "discouraged" in the Historic Building Design and Resource Manual, this factor allows the applicant to explain if there is an economic benefit necessitating the requested improvement instead of an improvement that is considered "encouraged" or "accepted". The economic benefit must be reasonable. The explanation should compare the economic benefit in receiving the COA approval for the improvement, as requested, as opposed to the alternative improvement required if the COA was not approved.

Response to 5.3 (Only respond if your proposed changes do not meet the Historic Building Design and Resource Manual guidelines):

5.4. Energy Conservation Effect: In making its determinations, the Commission and Zoning Administrator shall consider the effect that any recommended changes may have on energy conservation.

Explanation: If the proposed improvement is "discouraged" in the Historic Building Design and Resource Manual, this factor allows the applicant to explain if there is an Energy Conservation benefit which is necessitating the requested improvement instead of an improvement that is considered "encouraged" or "accepted." Please describe which aspects of the proposed changes will impact the energy efficiency of the home, and if possible, include metrics that show the change in efficiency. The explanation should compare the efficiency benefit in receiving the COA approval for the improvement, as requested, as opposed to the alternative improvement required if the COA was not approved.

Response to 5.4 (Only respond if your proposed changes do not meet the Historic Building Design and Resource Manual guidelines):

5.6. The City's Historic Building Design and Resource Manual may be used as a resource in consideration of the above.

Explanation: The Historic Building Design and Resource Manual is a guiding document for the Historic Preservation Commission with educational resources to assist the members in making well-informed decisions to protect and maintain the Historic District. In this section, please list and describe all portions of the manual that apply to your proposed changes.
