To: Sara Kopinski.

I am a resident of Naperville and I am against the Islamic center. I believe in religious freedom. My concern is that the Islamic center will start the "Adhan", the Muslim call to prayer, done five times daily. This is broadcast over a loudspeaker for the whole neighborhood to hear. I don't think this should be allowed.

Hi:

I oppose building the ICN in the neighborhood. I live in the Tall Grass community and it will severely negatively impact my community. I propose we should have voting done by Naperville residents who live within 3 mile radius of the proposed location. Why? Because if you are any farther than that then you can choose to go to another ICN location and should not be concerned about the location of this new development. There are two other ICNs in Naperville already, one on Ogden Ave (close to Rt. 59) and one on 75th street. Anyone who doesn't reside in the immediate neighborhood of this new location should NOT have any right to make a call on this location because they are NOT impacted and should NOT be concerned whether it comes up here or 5 miles down the road.

Thank you!
