Re: **Naperville Park District's Monthly Field Report for the Riverwalk Commission Regular Meeting**

---

### **Field Report for July 2024:**

- We experienced some minor damage from several rounds of storms mid-July. Some tree branches broke and the river rose to cover all of the lower walks and fill the bottom of the amphitheater. Staff spent 2 mornings cleaning tree debris and several days cleaning the walks after the river receded.
- Staff continues weeding, watering, pruning, mulching and spraying all along the Riverwalk.
- Staff is putting together ideas for fall projects and include areas in section 3 by the covered bridge, section 4 by Harmony Park, section 5 on the east side of the Dandelion Fountain, and section 5 by the Horse Trough fountain.

### **Carillon Update – provided by Brett Sprague (NPD)**

- Tours will continue on weekends through the end of September

### **Other Points of Interest**

- The 3-day Salute to our Veterans event was a success and had only minor impacts to Rotary Hill
- The India Day Celebration is Sunday, August 11 on Rotary Hill from 11:00am to 10:00pm
- Centennial Beach hours change as of 8/14/24. Check the Park District website for exact operating times.
- The paddleboats will operate on weekends only starting mid-August
