

**CITY OF NAPERVILLE
AWARD OF PROCUREMENT
PROCUREMENT NUMBER 18-007**

Requesting Department: Department of Public Works
Procurement Name: Elevator Maintenance
Recommended Vendor: Otis Elevator Company
Amount of Award: \$87,200

DESCRIPTION

The Department of Public Works, Public Buildings Division is responsible for ensuring that the City's elevators are maintained at the different sites within the City. The city currently owns and maintains ten elevators within six City facilities. This full-service agreement includes regular manufacturer prescribed preventative maintenance checks, testing of safety devices, replacement of faulty or damaged components, parts, pit checks, pit cleaning, etc.

This service agreement is being purchased through an approved cooperative contract with National IPA Otis/Nashville and Davidson County, TN agreement. Otis was responsible and professional throughout the prior contracts and they continue to be the approved contractor for the National IPA Agreement Contract #384899.

In the past, the elevator contract has been for a term of one year. Otis Elevator has offered a three-year contract term. The savings with the three-year contract is \$1,047.36 per year for a total three-year savings amount of \$3,142.08. The term of this contract is January 1, 2018 through December 31, 2020.

FISCAL IMPACT

CIP #: N/A

Elevator Maintenance is expensed to the repair services accounts below. The totals provided reflect the CY2018 proposed budget, as the majority of this contract will occur during that period. A total of \$327,500 has been budgeted for contracted building maintenance services including elevator maintenance between the two listed accounts in CY2018. The requested award of \$87,200 is within the budgeted amount for this expense.

OTIS MAINTENANCE

We propose to furnish Otis Maintenance on the equipment ("Units") described above. Otis Maintenance is a full preventive maintenance service intended to protect your investment, extend equipment life, and provide a high level of performance and reliability.

OTIS MAINTENANCE MANAGEMENT SYSTEMSM

We will use the Otis Maintenance Management System preventive maintenance program to deliver service tailored to your specific building needs. Equipment type, component life, equipment usage, and building environment will be taken into account by the OMMS[®] scheduling system, which will be used to plan maintenance activities in advance. The Units will be provided with devices to monitor equipment usage. We will use OMMS standard work processes developed and continuously improved by Otis.

Under this Contract, we will maintain the Units on the following terms and conditions:

PERFORMANCE

MAINTENANCE

We will maintain the Units using trained personnel directly employed and supervised by us. The maintenance will include inspection, lubrication, and adjustment of the following parts:

- Controller parts, selectors and dispatching equipment, relays, solid-state components, transducers, resistors, condensers, power amplifiers, transformers, contacts, leads, dashpots, timing devices, computer and microcomputer

devices, steel selector tapes, mechanical and electrical driving equipment, signal lamps, and position indicating equipment.

- Door operators, car door hangers, car door contacts, door protective devices, load weighing equipment, car frames, car safety mechanisms, platforms, car and counterweight guide shoes including rollers and gibs, and emergency car lighting.
- Hoistway door interlocks and hangers, bottom door guides, and auxiliary door closing devices.
- Machines, worms, gears, thrust bearings, drive sheaves, drive sheave shaft bearings, brake pulleys, brake coils, contacts, linings, and component parts.
- Motors, brushes, brush holders, and bearings.
- Governor components, governor sheaves and shaft assemblies, bearings, contacts, governor jaws, deflector or secondary sheaves, car and counterweight buffers, car and counterweight guide rails, car and counterweight sheave assemblies, top and bottom limit switches, governor tension sheave assemblies, and compensating sheave assemblies.
- Pumps, pump motors, operating valves, valve motors, leveling valves, plunger packings, exposed piping, above ground plungers and cylinders, and hydraulic fluid tanks.
- Escalator handrails, handrail drive chains, handrail brush guards, handrail guide rollers, alignment devices, steps, step treads, step wheels, step chains, step axle bushings, comb plates, floor plates, tracks, external gearing, and drive chains.
- Escalator upper drives, upper drive bearings, tension sprocket bearings, upper newel bearings and lower newel bearings, demarcation lights, and comb lights.

RELIABILITY

PARTS COVERAGE

If necessary, due to normal usage and wear, Otis will repair or replace any of the parts specified above at their sole discretion, unless specifically excluded elsewhere in the contract. Any parts under this Contract requiring replacement will be replaced with parts selected by Otis.

PARTS INVENTORY

We will during the term of this Contract maintain a supply of frequently used replacement parts and lubricants selected by Otis to meet the specific routine requirements of the Units. Any replacement parts stored in the machine room remain our property until installed in the Units. We further agree to maintain a supply of routine replacement parts available for express delivery in case of emergencies.

QUALITY CONTROL

We will periodically conduct field audits of our personnel and the Units to maintain quality standards. Otis field engineers will provide technical assistance, technical information, and Code consultation to support our maintenance organization.

RESPONSIVENESS

24-HOUR DISPATCHING

We will, at your request, provide you with access to eService and our OTISLINE 24-hour, year-round dispatching service. In the event a Unit malfunction occurs between regular examinations, you will be able to place a service call on eService or through an OTISLINE customer service representative, who will, at your request, dispatch an examiner to perform service. In the event Otis receives an emergency call from the phone in the elevator and a passenger indicates a need for assistance, Otis shall attempt to contact a building representative for an assessment of the situation and authorization to respond to the call. If Otis is unable to reach a building representative, Otis shall respond to the emergency call from the phone in the elevator. The visit will be treated as a Callback. It is your responsibility to: (a) have a representative available to receive and respond to OTISLINE calls; and (b) maintain working telephone equipment.

COMMUNICATION

CUSTOMER REPRESENTATIVE

As a service to you, and at your request an Otis representative will be available to discuss with you your elevator needs in the areas of modernization, traffic handling ability, recommendations and requirements of Code authorities, proper use and care of the Units, and the OMMS program. There is no additional charge for this consulting service, but by making

this service available to you, Otis does not assume any duty to warn.

REPORTS – eSERVICE

We will use the OMMS program to record completion of maintenance procedures. We will, at your request, provide you access to eService. You will be able to access twelve (12) months of repair, completed maintenance procedure and service call history for the Unit(s). You will be responsible for obtaining Internet access to use eService.

SAFETY AND ENVIRONMENT

SAFETY TESTS – HYDRAULIC ELEVATORS

We will conduct an annual no load test and annual pressure relief valve test.

FIREFIGHTERS' SERVICE TEST

If the equipment has firefighters' service, you assume responsibility for performing and keeping a record of any Code required tests and for the maintenance, functioning and testing of the smoke and/or heat detectors.

If during the initial firefighters' service test any elevator firefighters' service is found to be inoperable, the building will be responsible for all of the cost associated with the repairs necessary to bring the unit in compliance with the applicable Codes.

If any applicable Code or governing authority mandates that such required tests be performed by a licensed elevator mechanic, Otis will provide such testing and service on an Open Order basis. You will be responsible for the costs associated with such testing and service.

SAFETY TRAINING

We will instruct our personnel to use appropriate personal protection equipment and follow safe work practices.

ENVIRONMENTAL PROTECTION

Otis endeavors to reduce generation of waste materials, to minimize risks to the environment, customers, the general public and Otis employees, and to comply with all federal and state environmental laws and regulations. Material Safety Data Sheet (MSDS) Manuals are available for review at your request.

You assume responsibility for removal of wastes, including but not limited to hydraulic oil, spoils, asbestos, etc., as it is not part of this Contract.

MAINLINE DISCONNECTS

You agree to engage a qualified electrician to service at least once annually the elevator mainline disconnects located in the elevator equipment room.

SHARED RESPONSIBILITY

You agree to provide us unrestricted ready and safe access to all areas of the building in which any part of the Units are located and to keep all machine rooms and pit areas free from water, stored materials, and debris. You agree to provide a safe work place for our personnel, and to remove and remediate any waste or hazardous materials in accordance with applicable laws and regulations.

If any Unit is malfunctioning or is in a dangerous condition, you agree to immediately notify us using the 24-hour OTISLINE service. Until the problem is corrected, you agree to remove the Unit from service and take all necessary precautions to prevent access or use.

You agree to properly post, maintain, and preserve any and all instructions or warnings to passengers in connection with the use of any Units.

In furtherance of OSHA's directive contained in 29 C.F.R. § 1910.147(f)(2)(i), which requires that a service provider (an "outside employer") and its customer (an "on-site employer") must inform each other of their respective lock out/tag out ("LOTO") procedures whenever outside servicing personnel are to be engaged in control of hazardous energy activities on the customer's site, Otis incorporates by reference its mechanical LOTO procedures and its electrical LOTO procedures. These procedures can be obtained at www.otis.com by (1) clicking on "The Americas" tab on the left side of the website; (2) choosing "US/English" to take you to the "USA" web page; (3) clicking on the "Otis Safety" link on the left side of the page; and (4) downloading the "Lockout Tagout Policy Otis 6.0" and "Mechanical Energy Policy Otis 7.0," both of which are in .pdf format on the right side of the website page. Customer agrees that it will disseminate these procedures throughout its organization to the appropriate personnel who may interact with Otis personnel while Otis personnel are working on site at Customer's facility.

WORK SCHEDULE

NORMAL HOURS

All maintenance procedures and repairs will be performed during our regular working hours of our regular working days for the examiners who perform the service. All lamp and signal replacements will be performed during regular examinations.

For purposes of this Contract, a Callback is a response by Otis to a request for service or assistance made (a) by the customer or customer representative, (b) by the building or building representative; (c) by emergency personnel; (d) through the ADA phone line, and/or (e) through REM® monitoring system, for service or assistance, on an as needed basis, excluding regularly scheduled maintenance.

Regular working hours: 8:00 AM – 4:30 PM.

Regular working days: Monday – Friday excluding holidays.

OVERTIME

Callbacks outside of regular working hours will be billed at standard overtime rates.

OWNERSHIP AND LICENSES

WIRING DIAGRAMS

You agree to provide us with current wiring diagrams reflecting all previously made changes for Units covered by this Contract to facilitate proper maintenance of the equipment. We shall maintain the wiring diagrams so that they properly reflect any changes made by Otis to the equipment. These diagrams will remain your property.

OTIS SERVICE EQUIPMENT

Any counters, meters, tools, remote monitoring devices, or communication devices which we may use or install under this Contract remain our property, solely for the use of Otis employees. Such service equipment is not considered a part of the Units. You grant us the right to store or install such service equipment in your building and to electrically connect it to the Units. You will restrict access to the service equipment to authorized Otis personnel. You agree to keep the software resident in the service equipment in confidence as a trade secret for Otis. You will not permit others to use, access, examine, copy, disclose or disassemble the service equipment or the software resident in the service equipment for any purpose whatsoever. If the service is terminated for any reason, we will be given access to your premises to remove the service equipment, including the resident software, at our expense.

OTIS SOFTWARE

Software owned by Otis may be embedded in parts or otherwise provided by Otis as part of this maintenance agreement. You have the right to use this software only for operation of the units for which the part was provided. You may also make a backup or archival copy of the software, provided you reproduce the copyright notice and any other legend of ownership on the copy. You may not otherwise copy, display, adapt, modify, distribute, reverse assemble, reverse compile, or otherwise translate the software. You will not transfer possession of the software except as part of a transfer of ownership of the Units and the assumption of the rights and obligations under this agreement by the transferee.

NON-OTIS SOFTWARE

You retain your rights to any software not provided by Otis contained in the Units and agree to allow Otis to make one backup or archival copy for you.

SERVICE TOOLS

You are responsible to secure our right to use any special service tools required to maintain your non- Otis equipment. These tools must be provided prior to us beginning maintenance on such equipment.

THE UNITS

It is agreed that we do not assume possession or control of the Units, that such Units remain yours solely as owner and operator, lessee, or agent of the owner or lessee, and that you are solely responsible for all requirements imposed by any federal, state, or local law, Code, ordinance or regulation.

CLARIFICATIONS

This Contract does not cover car enclosures (including, but not limited to, wall panels, door panels, car gates, plenum chambers, hung ceilings, lighting, light diffusers, light tubes and bulbs, handrails, mirrors and floor coverings), rail alignment, hoistway enclosures, hoistway gates, hoistway inserts and brackets, mainline disconnect switches, doors, door frames, sills, swing door hinges and closing devices, below ground or unexposed hydraulic cylinders and plungers, buried or unexposed piping, escalator balustrades, escalator lighting or wedge guards. Without affecting our obligation to provide service under this Contract, you agree to permit us to train our personnel on the Units. This Contract does not cover computer and microcomputer devices, such as terminal keyboards and display units that are not exclusively dedicated to the elevator system. This Contract does not cover telephones and display units installed by others, intercoms, heat sensors, smoke sensors, communications equipment, or safety signaling equipment, or instructions or warnings in connection with use by passengers.

We will not be required: (i) to make any tests other than that as specifically set forth herein; (ii) to make any replacements with parts of a different design or type; (iii) to make any changes in the existing design of the Units; (iv) to alter, update, modernize or install new attachments to any Units, whether recommended or directed by governmental authorities or by any third party; (v) to make repairs or replacements necessitated by failures detected during or due to testing of the Units or buried or unexposed hydraulic cylinders or piping and (vi) to replace or repair any component or system utilizing obsolete or discontinued parts, including parts for which the original design is no longer manufactured by the original equipment manufacturers, or parts where the original item has been replaced by an item of different design or is replaceable only by fabrication; (vii) to provide reconditioned or used parts; (viii) to make any replacements, renewals, or repairs necessitated by reason of any cause beyond our control including, but not limited to, fire, explosion, theft, floods, water, weather, earthquake, vandalism, misuse, abuse, mischief, or repairs by others.

You assume responsibility for the cost of correcting all Elevator Code violations existing on the date we enter into this Contract. If such Code violations or other outstanding safety violations are not corrected in accordance with this Contract, Otis may with respect to the equipment not meeting Code requirements cancel this Contract without penalty by providing thirty (30) days written notice.

Should you require us to interface with a third party work order, insurance or safety systems, Otis will add an appropriate fee to cover the additional cost associated with this service.

Neither party shall be liable for any loss, damage or delay due to any cause beyond our reasonable control including, but not limited to, acts of government, strikes, lockouts, other labor disputes, fire, explosion, theft, floods, water, weather, earthquake, riot, civil commotion, war, vandalism, misuse, abuse, mischief, or acts of God.

We agree that we shall be liable for accidents and injuries to person or property when adjudged to have been caused by the sole negligence or willful misconduct of Otis or our employees. In all other instances, Customer shall indemnify, defend and hold us harmless against all claims, damages, losses, costs, and expenses (including attorney's fees and other litigation costs) arising out of or connected with the use, repair, maintenance, operation or condition of the Equipment. We shall maintain worker's compensation and employers' liability insurance covering our liability for injury or death sustained by our employees, and comprehensive general liability insurance. You shall insure that all risk insurance upon the full value of the Work and material delivered to the job site is maintained at no cost to us. If either party so requires, in writing, the other party shall furnish certificates of insurance evidencing the above insurance coverages.

Notwithstanding any other agreement or provision to the contrary, under no circumstances will either party be liable for any indirect, special or consequential damages of any kind, including, but not limited to, fines or penalties, loss of profits, loss of rents, loss of good will, loss of business opportunity, additional financial costs, or loss of use of any equipment or property, whether in contract, tort, warranty or otherwise.

You agree to provide us unrestricted ready and safe access to all areas of the building in which any part of the Units are located, to keep all machine rooms and pit areas free from water, stored materials, and debris, to provide a safe work place for our personnel, to remove and remediate any waste or hazardous materials in accordance with applicable laws and regulations, and to provide a grounded, 3-prong electrical system and proper lighting in the machine rooms and pits. We shall not be obliged to perform until such unsafe condition has been remedied.

If any Unit is malfunctioning or is in a dangerous condition, you agree to notify us as soon as possible using the 24-hour OTISLINE® service. Until the problem is corrected, you agree to remove the Unit from service and take all necessary precautions to prevent access or use.

You will provide written notice within twenty-four hours after occurrence of any accident in or about the elevator (s) and/or escalator(s) to us and if required by law, to any local authorities. You further agree to preserve replaced parts.

Escalator Units are designed only for transporting passengers. For escalator Units, you agree to take all necessary measures to prevent other items from being conveyed, so that features designed to protect passengers and prevent property damage are not damaged. When stationary, escalators are to be properly barricaded and not to be used as steps.

You agree to properly post, maintain, and preserve any and all instructions or warnings to passengers in connection with the use of any Units.

In the event of an entrapment, Customer will call Otis and wait for a trained and licensed elevator mechanic to arrive, except for a medical emergency situation where it may be appropriate to summon a professional first responder such as police or firemen. Customer agrees that its agents, contractors, employees or representatives shall not attempt to extricate any passengers from an elevator that becomes stalled within the hoistway.

Otis will not be required to make renewals or repairs necessitated by fluctuations in the building AC power systems, adverse hoistway or machine room conditions (including temperature variations below 60 degrees and above 90 degrees Fahrenheit), excessive humidity, adverse environmental conditions, water damage, rust, fire, explosion, acts of God, misuse, or vandalism.

If this Agreement is terminated prematurely for any reason, other than our own default, you agree to pay as liquidated damages, and not as a penalty, one-half (50%) of the remaining amount due under this Agreement.

Should this Agreement be accepted by you in the form of a purchase order, the terms and conditions of this Agreement will take precedence over those of the purchase order.

We will not be liable for any claim, injury, delay, death or loss or property resulting from telephone equipment failure, false alarms, interruption of telephone service, or "no voice calls", i.e. calls from inside the equipment to Otisline where there is no verbal response to the Otisline operator.

ALTERATIONS

You will not allow others to make alterations, additions, adjustments, or repairs to the equipment.

SPECIAL PROVISIONS

Notwithstanding any other provision herein to the contrary, the following provisions shall be applicable and govern in the event of conflict:

NATIONAL IPA AND OTIS ELEVATOR AGREEMENT

CONTRACT PRICE AND TERM

CONTRACT PRICE

One thousand three hundred fifty dollars (\$ 1,350.00) per month, payable Annually

PRICE ADJUSTMENT

The Contract Price will be adjusted on the effective date of any labor rate adjustment under Otis 's contract with the International Union of Elevator Constructors (IUEC Contract) to reflect increases or decreases in material and labor costs.

A. Material

One hundred thirty-five dollars (\$ 135.00) of the original Contract Price will be increased or decreased by the percent increase or decrease shown by the index of "Producer Commodity Prices for Metals and Metal Products" published by the U. S. Department of Labor, Bureau of Statistics for the price adjustment month compared with the index on **09/01/2017** which was **211.300**.

B. Labor

One thousand two hundred fifteen dollars (\$ 1,215.00) of the original Contract Price will be increased or decreased by the percent increase or decrease in the straight time hourly labor cost under the IUEC contract on **01/01/2017** which was **92.340**. The phrase "straight time hourly labor cost" means the sum of the straight time hourly labor rate plus the hourly cost of fringe benefits paid to elevator examiners in the locality where the equipment is to be maintained.

TERM

The Commencement Date will be 01/01/2018.

The Term of this Contract unless modified under the extended term below, will be for three (3) years beginning on the Commencement Date.

In the event that you sell the building or your interest is terminated prior to the expiration of the Contract, you agree to assign the Contract to the new owner or successor and to cause the new owner to assume your obligations under this agreement. If the new owner or successor fails to assume your obligations under the Contract, then you agree to pay to Otis all sums due for the unexpired Term.

PAYMENTS

Beginning on the Effective Date, payments will be due and payable on or before the first day of the contract year in which services are rendered beginning on the Commencement Date.

CITY MANAGER PROCUREMENT AWARD

ACTION REQUESTED:

Approve the award of Change Order #1 to Contract 18-007, Elevator Maintenance, to Otis Elevator for an amount not to exceed \$11,400 and a total award of \$98,600

DEPARTMENT: Department of Public Works

SUBMITTED BY: Richard Dublinski, Director

BOARD/COMMISSION REVIEW:

N/A

BACKGROUND:

The Department of Public Works - Public Buildings Division (DPW-PBO) is responsible for ensuring that the City's elevators are maintained at the various sites within the City. In November of 2017, the City awarded Contract 18-007, a full-service maintenance agreement, to Otis Elevator for a three-year term from November 30, 2017 through December 31, 2020 to service all of the City owned elevators.

The Water Street parking deck is a shared structure between the City and the Water Street development. During the construction of the Water Street parking deck, the developer contracted with Kone Elevator to install the parking deck elevators and related equipment. These elevators have been maintained by Kone since August 2017 through a cooperative contract.

DISCUSSION:

With the expiration of the service agreement for the two Water Street parking deck elevators with Kone Elevator in August of 2019, DPW-PBO recommends adding the elevators to the City's existing elevator maintenance contract with Otis Elevator, which remains in effect through December 2020. A single provider will allow staff to efficiently manage all preventative maintenance activities and work orders and prevent service call errors.

The cost to add the two elevators to the maintenance contract is \$600 per month for a total change order of \$11,400.

FISCAL IMPACT:

CIP #: N/A

Elevator Maintenance is expensed to the building maintenance accounts below. A total of \$327,500 has been budgeted for contracted building maintenance services including

elevator maintenance between the two listed accounts in 2019. The requested award of \$98,600 is within the budgeted amount for this expense.
