Hi Tim. Here is the info from Winchester for ETA . The W223K is about 30-60 days. Same with Q4172. It should be more like 30 days.

I've also attached the quote for the requested ammo.

Hi Randi Naperville PD is placing this order for ammunition. Their procurement office requested an ETA on the order. Can you provide that so I can forward it onto them. I told him it's just an estimate and there's no guarantees. They won't let me order that info.

Thanks for the email reminder. We just received the signed contract a few days ago. I've attached a copy of it along with the State ammo Flyer. Let me know if there is anything I can quote for you. Just a fyi there are no duty rifle rounds on here which really stinks.

Hi Tim I reached out to our bids department and we are still waiting for the contract to be signed by the state. Ill forward you her email with the verbiage....its sounds like it's in the final stages but its really dragged on for many months now. It is ridiculous.

I'm guessing the 556 bonded ammo was made by my commander for the snipers.

For the amount we are ordering for the PD I still need a copy of the attached (screenshot below) for the finance people.

Having this makes it so we can buy straight from you without needing bids or anything else.

Hi Tim, Thanks for reaching out. I received a purchase order for 556 bonded ammo from you guys that I'm submitting. I've attached the new state bid pricing that has just gone into effect. Let me know what I can quote for you. The state did not award us with a duty 223/556 round unfortunately. Thank you!
