

Legal Description of Variance

Paul & Taryn O'Neill
2609 Springdale Circle
Naperville, IL 60564
PIN _____

This is a formal request to have a variance to the setback ordinance for the City of Naperville to build a privacy fence that is 6' tall between Gregory Middle School and our residential property.

An existing split rail fence will be demolished and the length of the fence will go farther to wrap around our back yard. As depicted in the mockup included (ONeill_2609 Springdale_Circle Plat of Survey - Proposed Layout) an extent of fencing around the front yard would be 4' tall as 30%-spaced-apart picket, and from the back of the house to wrap around the north-south western easement would be a 6' privacy fence will minimal or no visibility.
