

Emergency Telephone Systems Board

2024 Annual Report

2024 Accomplishments

The Emergency Telephone Systems Board (ETSB) is comprised of Police, Fire and elected officials from Naperville, Aurora, and North Aurora in addition to two Naperville residents and one Aurora resident. In 2024, the ETSB met quarterly to manage the Emergency Telephone System Fund and coordinate the implementation, upgrade and maintenance of the emergency telephone system. In accordance with 50 ILCS 750, the ETSB reviewed and accepted the receipt of \$5,541,365.57 in E911 surcharge funds from the State of Illinois to reimburse allowable expenditures. \$3,058,871.20 was approved for transfer to the City of Naperville General Fund and \$2,482,494.37 was approved for transfer to the City of Aurora.

2024 Challenges

2025 Upcoming Work

The ETSB will continue to meet quarterly to review revenues received and approve reimbursements for allowable expenditures associated with the emergency telephone system. The board will ensure funds are allocated transparently in compliance with the ETSB Act to advance the public safety communications for the cities of Naperville, Aurora and North Aurora. In 2022 and 2023, the ETSB reviewed and accepted the receipt of \$1,865,367.41 in E911 special distributions from the State of Illinois. These funds remain in the Emergency Telephone System Fund to reimburse portions of future capital project expenditures for both Naperville and Aurora.
