To

Whom it may concern,

City of Naperville.

I am pleased to hear that Ms. Selvei is planning on expanding her services to the Naperville community. I strongly support to open KLA Schools in Naperville, as I have seen my daughter, Kavea who attended KLA Schools of Plainfield from 2013-2016, start her elementary school with utmost confidence.

Early education helps the children to have improved social skills, improved confidence, helps with special education needs and enhanced attention spans. The programs offered at KLA Schools of Plainfield played a vital role in preparing my daughter for Kindergarten, develop both academically and socially, thus laying a strong foundation for her educational journey.

I highly recommend KLA Schools as they do what they say they do and maintain integrity.

Should you have any questions, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'S. Subbanan', with a long horizontal flourish extending to the right.
