***A building permit may also be required for the above improvements. Please contact the Development Services Department at 630-420-6100 (press "2") to confirm.**

4. DESCRIPTION OF PROPOSED WORK (attach a separate sheet as needed)

- A. If demolition is proposed, describe the scope of the demolition in detail, including a list of original features to be removed or replaced from the primary façade of the building.

See attached

- B. Describe the proposed work in full detail, including materials, style and specifications of key items (e.g., windows and trim; siding and reveal, soffit, fascia, and gutters; porch rails, balustrades, pillars, decking, and ceiling; roofing; exposed foundation; fencing; etc.).

See attached

C. Describe how the proposed work will affect any external architectural features of the structure.

See attached

D. Attach drawings and specifications (not to exceed 11"X17" in size) to include:

- Address of property
- Date of most recent revision
- Site Plan to include:
 - i. Measurements of the lot
 - ii. Existing buildings
 - iii. Proposed modifications or additions with the distance from front, back, and side lot lines labeled.
- Demolition Plan to clearly identify any portion of the structure to be demolished, even if it will be replaced with a similar structure or building addition.
- Building Elevations of proposed modifications or building additions to include:
 - i. A key that specifies the location and details of proposed building materials and styles.
 - ii. Height of any proposed building additions or new structures.

5. FACTORS FOR CONSIDERATION OF A CERTIFICATE OF APPROPRIATENESS APPLICATION RESPONSES (attach a separate sheet as needed)

Respond to the factors for consideration below that demonstrate the need and appropriateness of your request. Example responses to each factor can be found in Exhibit F. Your responses will be forwarded to the Historic Preservation Commission along with the staff memo. **Before responding to the standards, review the Historic Building Design and Resource Manual (<https://www.naperville.il.us/contentassets/7fed1bf2ba19496fa9a037f019616748/cdq-historic-building-design-and-resource-manual.pdf>) against your proposed changes.** If your proposed changes are not listed in the Historic Building Design and Resource Manual as "encouraged" or "acceptable" changes, please respond to 5.3 and 5.4. If the changes are considered "encouraged" or "acceptable" please write "N/A" for 5.3 and 5.4. Please provide thorough responses to each of the standards below.

Factors For Consideration Of A Certificate Of Appropriateness Application:

5.1. Compatibility With District Character: The Commission and Zoning Administrator shall consider the compatibility of the proposed improvement with the character of the historic district

in terms of scale, style, exterior features, building placement and site access, as related to the primary facade(s), in rendering a decision to grant or deny a certificate of appropriateness.

Explanation: Please describe how the proposed changes will be generally consistent with the overall character of the historic district. With this factor, the Historic Preservation Commission seeks to confirm that the proposed changes will not conflict with the characteristics (i.e., building setback, height, materials, etc.) that are typically found in the district.

Response to 5.1:

See attached

5.2. Compatibility With Architectural Style: The Commission and Zoning Administrator shall consider the compatibility of the proposed improvement with the historic architectural style of the building or structure to be modified by the certificate of appropriateness request.

Explanation: As a structure in the Historic District, guidelines for appropriate maintenance, rehabilitation and new improvements to enhance and preserve the appearance of homes are outlined in the Historic Building Design and Resource Manual. The Manual also provides background information on each architectural style found in the Historic District. For this factor, please use the Historic Building Design and Resource Manual to identify the historic features of your home as well as if your proposed changes are “encouraged, acceptable or discouraged” in the manual. Please also reference the 2008 Architectural Survey (<https://www.naperville.il.us/about-naperville/historic-district/>) and identify if any of the listed significant features of the home are being removed or changed.

Response to 5.2:

See attached

5.3. Economic Reasonableness: The Commission and the Zoning Administrator shall consider the economic reasonableness of any recommended changes determined to be necessary to bring the application into conformity with the character of the historic district.

Explanation: If the proposed improvement is “discouraged” in the Historic Building Design and Resource Manual, this factor allows the applicant to explain if there is an economic benefit necessitating the requested improvement instead of an improvement that is considered “encouraged” or “accepted”. The economic benefit must be reasonable. The explanation should compare the economic benefit in receiving the COA approval for the improvement, as requested, as opposed to the alternative improvement required if the COA was not approved.

Response to 5.3 (Only respond if your proposed changes do not meet the Historic Building Design and Resource Manual guidelines):

See attached

5.4. Energy Conservation Effect: In making its determinations, the Commission and Zoning Administrator shall consider the effect that any recommended changes may have on energy conservation.

Explanation: If the proposed improvement is “discouraged” in the Historic Building Design and Resource Manual, this factor allows the applicant to explain if there is an Energy Conservation benefit which is necessitating the requested improvement instead of an improvement that is considered “encouraged” or “accepted.” Please describe which aspects of the proposed changes will impact the energy efficiency of the home, and if possible, include metrics that show the change in efficiency. The explanation should compare the efficiency benefit in receiving the COA approval for the improvement, as requested, as opposed to the alternative improvement required if the COA was not approved.

Response to 5.4 (Only respond if your proposed changes do not meet the Historic Building Design and Resource Manual guidelines):

See attached

5.6. The City's Historic Building Design and Resource Manual may be used as a resource in consideration of the above.

Explanation: The Historic Building Design and Resource Manual is a guiding document for the Historic Preservation Commission with educational resources to assist the members in making well-informed decisions to protect and maintain the Historic District. In this section, please list and describe all portions of the manual that apply to your proposed changes. Please note if the proposed changes align with what is “encouraged”, “acceptable”, or “discouraged” in the manual.

Response to 5.6:
