ON SITE SAFETY INSTRUCTIONS

Rules must be adhered to on each and every site.

EMERGENCY CONTACT INFORMATION:

MAIN OFFICE- 219-393-5051

CHEMTEL: 800-255-3924 CONTRACT#MIS0005800

All PERSONS on site MUST be at least 18 years or older. NO EXCEPTIONS.

Once a show is delivered to a site.. it shall NEVER be left unattended. Site security should be properly maintained at all times.

EMERGENCY ACTION PLAN: Upon arriving on the display site, the Operator is to devise an EAP- Emergency Action Plan for the display. Prior to setting up any equipment, the Operator is to communicate the plan to all other workers. Each display will have its own site-specific plan due to locale and geographic features. The EAP must include the following:

- . Emergency escape routes away from the display fireworks
- . A safe location away from the fireworks to account for all workers
- . A plan to notify emergency personnel and whom will direct them to the site.
- . Instruct all workers on the location of emergency response information and MSDS

right to know information.

This plan may be given verbally, and Operator shall confirm each worker understands.

FIRE AND EXPLOSION HAZARD DATA

Do not attempt to fight fire in vicinity of Special Fireworks – Evacuate Areas. Evacuate fire area immediately and seek shelter. Follow established emergency action plan. Fireworks may mass explode in a fire situation.

NO SMOKING OR OPEN FLAME- smoking, open flame, smoking materials (ie. lighters, matches) are forbidden in the loading or un-loading and display areas. No smoking signs may be posted in a conspicuous area upon set up of site. A minimum of 25' in all directions, from the perimeter surrounding the site is to be maintained as non-smoking.

LOADING AND UNLOADING:

- .Vehicle engine must not be running, and hand brake must be set.
- .No smoking, open flame or source of static discharge shall be allowed, ie. cell phones, pagers, lighters, etc.
- .Boxes must **NEVER** be thrown, slid or dropped. Be especially careful when boxes contain fireworks with igniters attached.
- . Never use bale hooks or other metal tools to load or unload boxes of explosives.

SAFETY EQUIPMENT AND CLOTHING: Non-synthetic clothing must always be worn. This prevents the possibility of static build-up and discharge, as well as the possibility of material 'melting' on to the skin in the event of hot fall-out or fire. After set-up of site, pants must be worn, no shorts. Eye protection, ear protection and closed toe shoes are required. Hats or head coverings should be used to protect the head, but must not impede your vision, or 'contain' the force of a blast in the event of spontaneous explosion.

ASSURE PROPER INSTALLATION AND SET UP OF SITE:

All mortar boxes, racks and drums shall be properly installed on each show.

Maintaining a safe Display Site is top priority. These reminders, along with your training, should assist you in performing a safe and spectacular show. If you have any questions, address the Operator right away.

LA PORTE, IN 46350

HAZARDOUS MATERIALS SAFETY PERMIT
HM Safety Permit ID: US-777176-IN-HMSP
Effective Date: May 15, 2025

Dear ANDREW JAMES:

The Hazardous Materials Safety Permit (HMSP) is verification of the motor carrier's permission to engage in the transportation of hazardous materials listed in 49 CFR 385.403 by motor vehicle in interstate, intrastate, or foreign commerce.

This HMSP will be effective beginning May 15, 2025 and remain effective through June 30, 2027 if your company maintains compliance with the requirements pertaining to the safe and secure movement of hazardous materials for the protection of the public (49 CFR 385 and other applicable Federal Motor Carrier Safety Regulations and Hazardous Material Regulations). Failure to maintain compliance will constitute sufficient grounds for suspension or revocation of this authority.

Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a Department of Transportation safety fitness rating less than "Satisfactory" or by other indicators, could result in a proceeding requiring the holder of this permit to show cause as to why this authority should not be suspended or revoked.

For questions regarding this document you may contact the FMCSA Hazardous Materials Division by email at fmcsa.hmsp@dot.gov or by phone at (202) 385-2400 or by fax at (202) 366-3621.

Sincerely,

Paul Bomgardner
Chief, Hazardous Material Division

**HAZARDOUS MATERIALS
CERTIFICATE OF REGISTRATION
FOR REGISTRATION YEAR(S) 2025-2028**

Registrant: MIAND INC DBA PLANET PRODUCTIONS

ATTN: Kelley Hatfield
3999 E. HUPP BLDG R31
LA PORTE , IN 46350

This certifies that the registrant is registered with the U.S. Department of Transportation as required by 49 CFR Part 107, Subpart G.

This certificate is issued under the authority of 49 U.S.C. 5108. It is unlawful to alter or falsify this document.

Reg. No: 051325550111HJ Effective: July 1, 2025 Expires: June 30, 2028

HM Company ID: 38154

Record Keeping Requirements for the Registration Program

The following must be maintained at the principal place of business for a period of three years from the date of issuance of this Certificate of Registration:

- (1) A copy of the registration statement filed with PHMSA; and
- (2) This Certificate of Registration

Each person subject to the registration requirement must furnish that person's Certificate of Registration (or a copy) and all other records and information pertaining to the information contained in the registration statement to an authorized representative or special agent of the U. S. Department of Transportation upon request.

Each motor carrier (private or for-hire) and each vessel operator subject to the registration requirement must keep a copy of the current Certificate of Registration or another document bearing the registration number identified as the "U.S. DOT Hazmat Reg. No." in each truck and truck tractor or vessel (trailers and semi-trailers not included) used to transport hazardous materials subject to the registration requirement. The Certificate of Registration or document bearing the registration number must be made available, upon request, to enforcement personnel.

For information, contact the Hazardous Materials Registration Manager, PHH-52, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue, SE, Washington, DC 20590, telephone (202) 366-4109.
