Naperville City Council  
Re: Shakou Naperville Request for Spotlight

To whom it may concern,

Please consider my request to utilize promotional spotlights for my new location at 22 E Chicago Suite 111. My hope is that by catching people's attention from the west side of town, we can let them know we have recently opened in River Square. Customers have been informing us over the past couple weeks that, despite of our aggressive advertising campaigns, people in town are still unaware we have opened.

While my intended date is Friday, 9/27, I am seeking pre-emptive approval so I can then secure a date for renting the lighting. The company I use has limited availability so my dates have to be flexible and the deposit is non refundable.

The lighting will be placed by our current valet stand in between Shakou and Bar Louie on the sidewalk allowing proper egress in the east corner of the center.

Please contact me directly at 847/347-4004 with any questions or concerns. I am available to attend any council meeting if need be as well.

Thanks you in advance for your consideration.
