

**Miskatonic Brewing Company – Craft Kitchen Permit
Language Adjustment Proposal**

8-15-2024

Under current ordinance by the City of Naperville, a specialty manufacturer as determined by the State of Illinois does not have the ability to sell its manufactured and permanently sealed packaged goods for off-premise consumption if it holds a B license.

In order to give us fair and equal footing with other specialty manufacturers in the city as well as specialty retailers currently allowed to sell off-premise packaged alcohol in the downtown area, we are requesting that the Growler Permit laid out in Ordinance 3-3-11 Section 3 – “Permits” be adjusted to include the following language in the “OTHER” Section following the Fee amount:

“If licensee is deemed to be a specialty manufacturer by the State of Illinois, it may also sell all fully-sealed alcohol manufactured and packaged by the licensee.”
