RE: Metro West Townhomes

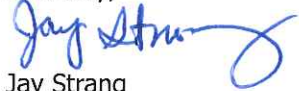

Dear Ms. Laff,

We have reviewed the proposed plans for the Metro West Townhomes and have had conversations with Greg Collins from M.I. Homes. This development is an extension of existing townhomes and makes sense to complete. We recently had a demographic study completed in the district which suggests we will need to shift some school attendance boundaries. We will accommodate the students from this development through the attendance adjustment process.

Once we have a clearer idea of the total number of bedrooms we will better understand the number of students and associated impact fees. The school district supports this project and will continue to work with M.I. Homes as it gets developed.

If you have any further questions, please contact me at 630-375-3070.

Sincerely,

Jay Strang
Chief School Business Official
