North side of CH 66 approx. 150 ft west of Plainfield-Naperville Road (CH 14).

(Location)

City of Naperville

(Permittee)

With:

Agreement Description

The Will County Division of Transportation in lieu of a letter of credit requires this Letter of Agreement to ensure compliance with all County regulations and standards and that the project shall not be terminated by the Permittee before the County's concerns have been addressed.

Agreement

The Will County Division of Transportation (already stated above) shall be notified before final payment and the performance bond/Guarantee is released to (contractor). The Permittee shall submit a copy of the Bond/Guarantee secured with the Permittee prior to issuance of the permit. All concerns and punch list items of the Will County Division of Transportation shall be addressed by the Permittee and/or its contractor before final payment is released. Should any item or deficiency not be addressed to the full satisfaction of the County Engineer, the Permittee will be responsible to correct the deficiency in a proposed manner acceptable to the County Engineer within 10 calendar days from the date of notice. If the deficiency is not corrected, the County may at the Permittee's expense, correct the deficiency and bill the Permittee for the deficiency which must be paid within 30 days. In addition, future permit applications will forfeit the use of the Letter of Agreement and the Letter of Credit will be required.
