1. Conduct the public hearing for Beyond Self Storage (PZC 19-1-088) located at 2403 W. Diehl Road (Item 1 of 3)

Scott Williams, Planning Services Team, gave an overview of the request. The PZC inquired about the history of the Citywide Design Guidelines. Staff responded the guidelines were created to promote consistency for commercial development citywide.

JJ Jenkins, petitioner, Kevin Polit, architect, and Katie Jahnke Dale, attorney for the petitioner, provided an overview of the request.

The Commission inquired about the design standards. Staff responded the metal paneling is permitted as an accent material but not as a primary material. The Commission discussed continuing the masonry that is proposed on the lower portion of the front façade onto the lower third of the east and west facades, to bring these facades closer into compliance, and painting a portion of the north façade to create visual intrigue. The Commission clarified they are not requesting full compliance for the east and west facades.

The Petitioner agreed with the alterations proposed by the Commission stating they are willing to wrap the brick around the east and the west facades and suggested doing a different panel color on the north facade, instead of painting, to create variation with the color. The Commission agreed with this suggestion.
