2023 CDBG
ANNUAL
ACTION PLAN
(YEAR 4)

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The City of Naperville is a Community Development Block Grant (CDBG) entitlement community as defined by Title I of the Housing and Community Development Act of 1974. Naperville receives an annual block grant that can be used to address critical and unmet community needs, including housing rehabilitation, public facilities, infrastructure, economic development and public services. Grants are allocated by the U.S. Department of Housing and Urban Development (HUD) on a formula basis. This Annual Action Plan (AAP or "Plan") describes the programs that will be funded with CDBG funds during the 2023 Program Year, which will run from April 1, 2023 to March 31, 2024.

Naperville is a member of the DuPage County Consortium which includes DuPage County, Downers Grove and Wheaton. DuPage County is the lead agency for the Consortium. In 2020, Naperville worked with DuPage County to complete a five-year Consolidated Plan for Program Years 2020-2024, beginning April 1, 2020 and ending March 31, 2024. The Consolidated Plan assessed the City's affordable housing, homeless and non-housing community development needs and market conditions, set goals and objectives, and developed funding priorities for CDBG programs. The 2023 Annual Action Plan will be completed by the City of Naperville and covers the fourth year of the Consolidated Plan period, which will run from April 1, 2023 to March 31, 2024.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

In Program Year 2023, the City of Naperville will fund a total of 11 CDBG projects, including grant administration expenses. The final awards are based on an estimated PY2023 allocation of \$535,000. The projects reflect the City's commitment to preserving and increasing affordable housing options for its most vulnerable residents. Projects include:

1. Assuring quality affordable housing and social services for people with disabilities
2. Development of a comprehensive interim housing and social service center for homeless youth
3. Rehabilitation of existing transitional housing for homeless families
4. Rehabilitation of affordable housing for seniors
5. Financial assistance to prevent at-risk families from becoming homeless

6. Public services to assist supportive housing for the chronically homeless

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The CDBG Program provides an extraordinary benefit to the City of Naperville and the City is committed to compliance with all HUD regulations and requirements. In PY 2022 (April 1, 2022 – March 31, 2023), the City allocated \$531,101 in regular entitlement funding, completed projects and activities for previous program years, maintained a timeliness ratio less than 1.5 times its annual grant allocation and continued to complete the allocation and award of \$1,340,693 in special funding to address COVID-19. The City completed several major projects while successfully implementing an entirely new program of public services and public facility improvements to respond to the pandemic, focused on emergency assistance to individuals, households and small businesses. The City expects to complete all outstanding projects addressing COVID-19 and previous program years by the end of 2023.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Citizen Participation Process is conducted according to public participation policies and procedures detailed in the City’s CDBG Standard Procedures manual. The process includes a minimum of two public meetings/hearings and a public comment period for citizens to provide feedback on proposed plans. This past year, a public meeting/information session took place in City Council Chambers on September 27, 2022 announcing a call for projects for the PY2023 CDBG Program Year. A public comment period on the development of the PY2023 Annual Action Plan will begin on Friday, January 6, 2023, concluding on Tuesday, February 7, 2023, with a public hearing at the regularly scheduled City Council meeting, held on the same evening.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

7. Summary

The Citizen Participation Process is conducted according to public participation policies and procedures detailed in the City's CDBG Standard Procedures manual. The process includes a minimum of two public meetings/hearings and a public comment period for citizens to provide feedback on proposed plans. This year, a public meeting/information session took place in City Council Chambers on Tuesday, September 27, 2022 announcing a call for projects for the PY2023 CDBG Program Year and providing information on the application process, anticipated funds available, eligible activities and estimated benefit to low- and moderate-income persons. A public comment period on the development of the PY2023 Annual Action Plan will begin on Friday, January 6, 2023, concluding on Tuesday, February 7, 2023, with a public hearing at the regularly scheduled City Council meeting, held on the same evening.

PR-05 Lead & Responsible Agencies - 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency

Table 1 – Responsible Agencies

Narrative

Naperville Role: The City of Naperville is a Community Development Block Grant (CDBG) entitlement community as defined by Title I of the Housing and Community Development Act of 1974. This means that Naperville is eligible to receive an annual grant that can be used to address critical and unmet community needs, including those for housing rehabilitation, public facilities, infrastructure, economic development and public services. The CDBG Program is administered by the U.S. Department of Housing and Urban Development (HUD), which allocates CDBG funds annually on a formula basis. Counties and entitlement municipalities are required to submit a Consolidated Plan (ConPlan) every five years.

The City of Naperville Community Services Department has full responsibility for implementing Naperville’s CDBG program, including administering all grants, preparing the Naperville sections of the Consolidated Plan and preparing Naperville’s Annual Action Plan (AAP).

The ConPlan analyzes affordable housing and community development needs and market conditions and uses the data to develop five-year funding priorities for CDBG and other federal programs. Naperville’s ConPlan includes its own housing market analysis and needs assessment, analysis of non-housing community development needs and strategic plan. The AAP outlines the actions, activities and programs that the City will undertake during each program year to address the ConPlan priorities and goals. The AAP explains how these projects will move the goals of the ConPlan forward. The Community Services Department works closely with other City departments and commissions, including the City Manager’s Office (Diversity, Equity and Inclusion Manager); the Human Rights and Fair Housing Commission; Transportation, Engineering and Development (TED) Business Group; Department of Public Works and Finance Department to prepare both the ConPlan and AAP.

DuPage County Role: DuPage County is the Lead Agency of the DuPage County HOME Consortium. Naperville is a Participating Jurisdiction in the Consortium. As Lead Agency, the Consortium is responsible for administration of HOME funds available to DuPage County and the Participating Jurisdictions. Membership in the HOME Consortium allows Naperville access to HOME funding that can

be used to finance affordable housing projects that are not eligible for CDBG funding. DuPage County is also responsible for submitting the ConPlan and AAP's on behalf of all members of the Consortium.

In addition to Naperville and DuPage County, the DuPage County HOME Consortium also includes the municipalities of Downers Grove and Wheaton. The three municipalities all qualify as entitlement communities for the CDBG Program, but Wheaton and Downers Grove are joint recipients with DuPage County while Naperville receives its own CDBG allocation.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

As part of its Citizen Participation Plan, Naperville holds public meetings to discuss the priorities and procedures of the CDBG and Social Service Grant (SSG) programs. The Pre-Application Workshop meeting for the SSG Program was held on August 30, 2022 and preliminary information on CDBG was provided to all attendees. The Pre-Application Workshop meeting for the CDBG Program for PY2023 was held on September 27, 2022. The Pre-Application Workshop included a call for projects for Program Year 2023 (April 1, 2023 - March 31, 2024) and a review of the City priorities and application process. (Additional information on the Pre-Application Workshop, public comment period and public hearing is provided in **AP-12, Citizen Participation.**) The draft PY 2023 Annual Action Plan will be released for public comment on Friday, January 6, 2023. The public comment period will conclude on Tuesday, February 7, 2023 with a public hearing at the City Council meeting at 7:00 p.m.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

Naperville maintains close contact with its CDBG and SSG grantees and with non-profit agencies serving Naperville residents. The COVID-19 pandemic necessitated changes to traditional methods of communication, but in-person meetings resumed this year. The City additionally maintained phone and video contact and continued to review reports sent by agencies.

The City of Naperville consulted with DuPage County and other municipalities through its membership in the HOME Advisory Group and the DuPage Continuum of Care (DuPage CoC). The HOME Advisory Group advises the County on the use of HOME funds for affordable housing; the Continuum of Care is a coalition of public and private agencies which develops strategies to meet the needs of persons who are homeless in DuPage County.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Naperville is a member of the DuPage County Continuum of Care (DuPage CoC), composed of public and private agencies charged with meeting the housing, health, and social service needs of the chronically homeless, families with children, veterans and other homeless populations. The long-term mission of the DuPage CoC is to develop and support effective strategies to end homelessness in DuPage County. The DuPage County Department of Community Services is the lead agency for the DuPage CoC.

City staff works closely with subrecipients and grantees to implement Continuum of Care goals, including homelessness prevention, outreach, rapid rehousing, maintaining/increasing affordable

housing, providing supportive services and moving towards self-sufficiency. The City directly funds emergency rent/utility assistance; transitional housing for individuals and families; transitional housing for victims of domestic violence; outreach, counseling and transitional housing for youth; transitional housing and counseling for recovering substance abusers; permanent housing for chronically homeless individuals; affordable rental housing rehabilitation; and a wide variety of supportive services including mental health counseling, substance abuse prevention, food assistance and employment counseling.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Naperville does not receive ESG funds, but does provide feedback and assistance with the development of performance standards, evaluation, and development of policies and procedures for HMIS administration through its participation in the DuPage CoC.

The City of Naperville encourages residents, public service organizations, and other interested parties to participate in the development of the Consolidated Plan and Annual Action Plans by attending public meetings and public hearings held at various stages of plan development.

The City of Naperville opened its public participation process for the 2023 Annual Action Plan with the Pre-Application Workshop meeting for the SSG Program. The workshop was held on August 30, 2022 from 11:00 AM – 12:00 PM at the Naperville Municipal Center in City Council Chambers and preliminary information on the CDBG Program was provided to all 32 attendees. A public Pre-Application Workshop for the CDBG Program specifically was held on September 27, 2022 from 11:00 AM – 12:00 PM at the Naperville Municipal Center in City Council Chambers. A call for projects for Program Year 2023 (April 1, 2023 - March 31, 2024) and a review of the City priorities and application process including anticipated funds available, eligible activities and estimated benefit to low- and moderate-income persons was provided to all 10 attendees. On September 28, 2022, the meeting materials and presentation slides were posted on the City of Naperville website and additionally emailed to 36 area non-profit organizations and public entities. Both workshops were publicized in advance on the City's website. Non-profit organizations and public entities with a presence in Naperville also received direct emails advertising the workshops and the call for projects. A public notice announcing the open call for projects for the CDBG Program Year 2023 was published in the Naperville Sun on Wednesday, October 12, 2022. City staff was available to answer additional questions and provide technical assistance prior to the CDBG application deadline on Friday, October 28, 2022.

A notice announcing the public comment period and public hearing for the City's Annual Action Plan will be published in the Naperville Sun by Friday, January 6, 2023. The notice will include the date, time and location of the public hearing, dates of the public comment period, public review locations and information on how to submit comments. The draft Program Year 2023 Annual Action Plan will be posted on the City of Naperville website, <http://www.naperville.il.us>, and at three Naperville Public Library locations from Friday, January 6, 2023 to Tuesday, February 7, 2023. Copies will also be available by mail, email or pick-up by contacting the Community Services Department.

A public hearing to receive citizen comments on the plan will take place at the regularly scheduled City Council meeting on Tuesday, February 7, 2023.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

The City of Naperville expects to receive approximately \$535,000 in FY 2023 Community Development Block Grant (CDBG) funds for Program Year 2023 (April 1, 2023 - March 31, 2024). The City has elected not to include any prior year funds as anticipated resources and does not anticipate receiving any Program Income. Several PY2020 and PY2021 activities and all PY2022 activities are still underway making final budget numbers unavailable at this time.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	535,000	0	0	535,000	1,070,000	Annual CDBG allocation plus any prior year resources available.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how

matching requirements will be satisfied

To receive CDBG funds from the City of Naperville, local non-profit organizations must submit a detailed application demonstrating that the project will meet a national objective of the CDBG program, meet the criteria for eligible activities and meet at least one priority of the PY 2020 – PY 2024 Consolidated Plan. Although there are no specific matching requirements for CDBG-funded projects, project evaluation criteria also include the extent to which CDBG funds are leveraged against other funds.

CDBG subgrantees make use of a wide variety of state, local, corporate, foundation and private funding sources in addition to CDBG and other federal funds. State and locally-administered funding programs include the Emergency Food and Shelter Program, Community-Based Residential Program, Community Integrated Living Arrangements (CILA) Program, Community Care Program, Home Care Services Program and Domestic Violence Program. Other important and frequently used funding sources include foundation grants, United Way grants, and corporate and individual donations.

The City of Naperville’s Social Services Grant (SSG) Program is an important local funding source leveraging CDBG resources. An annual allocation from proceeds of the City’s Food and Beverage Tax is used to fund the SSG which provides direct grants to social service organizations that assist Naperville residents. Grants may be used for program costs, salaries, supplies and materials. The call for projects for the SSG occurs near the CDBG call for projects and the applications and evaluation criteria are similar. Applications for SSG funding that meet CDBG requirements may be funded under that program depending on funding availability. Social service providers may receive both SSG funding for social services programs and CDBG funding for related capital improvements. Examples include Bridge Communities, Inc. for transitional housing services to homeless families, DuPage PADS for services to homeless individuals in shelters and in permanent supportive housing, Loaves & Fishes Community Services for homelessness prevention and food assistance and Little Friends, Inc. and Ray Graham Association for housing and supportive services for adults with disabilities.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Based on recommendations in the City's 2017 Analysis of Impediments to Fair Housing Choice (AI), the City conducted a review of vacant, municipal-owned properties to determine if any were suitable for affordable housing development. A 6.1 acre plot at 103rd Street and Route 59 was identified as potential location for an affordable housing development for seniors and persons with intellectual and developmental disabilities (IDD). The City released a Request for Proposals (RFP) due in December 2021. Four proposals were evaluated by a committee

including the representatives of the City's Human Rights and Fair Housing Commission, Senior Task Force and Accessible Communities Task Force. Gorman & Company, LLC was selected as developer. The City Council adopted a resolution authorizing execution of the major business term agreement in September 2022.

Discussion

HUD NOTICE CPD-21-02, issued February 8, 2021, "Guidance on Submitting Consolidated Plans and Annual Action Plans for Fiscal Year (FY) 2021" instructs grantees not to submit their Consolidated Plan and/or Annual Action Plan until after HUD announces the Program Year formula allocation amounts. This notice remains in effect.

Since Naperville's Program Year 2023 grant allocation was unknown when the Annual Action Plan was being developed, the City used an estimated amount of \$535,000 and included contingency provisions in case the final allocation amount was different than the estimated amount. Naperville's submitted plan will be adjusted to reflect the actual allocation amount. In the meantime, the contingency provisions shown below will be used to develop the draft plan presented for public comment.

- 1) **Final grant allocation exceeds \$535,000:** If the final grant allocation exceeds \$535,000, the City will undertake the following change(s) in proposed activities:
 1. Add additional funding for CDBG-eligible public services activities (a) Loaves & Fishes CARES Emergency Financial Assistance Program and (b) DuPage PADS Olympus Place Supportive Housing Program, with total public services costs to remain within the 15% HUD cap on public service activities;
 2. Add funding for fair housing activities (subject to planning and administration cap);
 3. Add funding for infrastructure and facility improvement projects located in low and moderate-income concentration areas (based on census tract block group data), infrastructure improvement/housing rehabilitation projects targeted to low and moderate-income single-family homeowners or rental properties occupied by a minimum of 51% low and moderate-income residents, or barrier removal/ADA compliance projects in City-owned properties. These projects will be managed by the following City departments: Transportation, Engineering & Development Business Group (TED), Department of Public Works (DPW) and/or the Community Services Department (CSD);

2) **Final grant allocation is less than \$535,000:** If the final grant allocation is less than \$535,000, the City will proportionally reduce the proposed funding amounts for all activities to match the actual allocation amount.

Pre-Award Cost Waiver: In addition to the guidance on submitting Consolidated Plans and Annual Action Plans, NOTICE CPD-19-01 included a waiver of 24 CFR 470.200(h), the section that specifies the situations under which a grantee may incur costs prior to the effective date of its grant agreement. Sections V.8.2 and V.8.3 of the Notice state that the effective date of a grantee's grant agreement will be considered to be the earlier of either the grantee's program year start date or the date that the consolidated plan/action plan (with actual allocation amounts) is received by HUD. If the City of Naperville decides to use the waiver, the City will document in writing the conditions giving rise to the need to use the waiver, and maintain the documentation for HUD's review. The City of Naperville will include any activity for which the costs are being incurred in its AAP prior to the costs being incurred.

Table 7 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City of Naperville completed two major planning projects in PY 2020 that impacted the choice of programs to be funded: First, the City adopted a new Consolidated Plan to guide investment of CDBG funds from PY 2020 – PY 2024. The plan included priorities, goals and objectives based on data analysis, and collaboration and consultation with key stakeholders representing Naperville's low and moderate-income residents. Second, as part of the City's implementation of the 2017 Analysis of Impediments to Fair Housing Choice (AI) the City adopted a Work Plan based on recommendations included in the Housing Needs Assessment and Affordable Housing Action Plan. Through implementation of these plans, the City hopes to preserve its existing affordable housing stock while increasing the overall affordable stock, despite limited availability of vacant land and high land/housing prices.

The projects funded in PY 2023 continue and build on the implementation of the Consolidated Plan and AI/Affordable Housing Work Plans. All proposed projects were reviewed and approved by an Evaluation Team comprised of staff and residents serving on City of Naperville Boards, Commissions and Task Forces to ensure that projects reflect the City's priorities and goals. All projects meet the national objectives of the CDBG program and are designed to address the needs of low and moderate-income Naperville residents.

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Ten (10) of the 11 projects are located in the City of Naperville. One (1) project has a location to be determined (360 Youth Services - Youth Affordable Housing Resource Center) that is planned to be located in the City of Naperville.

All projects selected for funding were chosen for their ability to meet the national objectives of the CDBG program and the goals of the Consolidated Plan. Projects will primarily or exclusively benefit low and moderate-income individuals with emphasis on families with children, homeless persons transitioning to permanent housing, and persons with special needs.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Providing affordable housing for residents of all income levels is a significant challenge in Naperville, as it is a relatively high-income community with high land and property values. This situation is further complicated by the decreasing availability of buildable land, pushing housing costs even higher, and by a lack of experienced affordable housing developers.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Naperville completed a new Analysis of Impediments to Fair Housing Choice (AI) in PY 2017. Two of the impediments identified were a lack of affordable housing units in the City and failure of the comprehensive plan to adequately address affordable housing for non-elderly, non-disabled residents. Recommendations included the following:

- Fully integrate planning for affordable housing and fair housing into the comprehensive planning and implementation process with plan amendments.
- Undertake a housing needs assessment/affordable housing plan to determine the gap between the demand and supply of affordable housing.

In 2019-2020, the City commissioned both a Housing Needs Assessment/Affordable Housing Plan and an update to its Comprehensive Master Plan. The Housing Needs Assessment predicted that high housing demand combined with limited availability of land would force costs up and encourage teardowns. Without changes in housing types and density, land costs are likely to increase and further reduce the supply of affordable housing. The study also suggested that a lack of diverse housing types and sizes reduced affordable options for low- and moderate-income households, seniors and people with disabilities. The Comprehensive Master Plan Update also identified affordability as a key issue and suggested options such as smaller lot sizes, accessory units, attached housing and more mixed-use zoning.

In January 2021, the City Council adopted an Affordable Housing Work Plan based on some of the recommendations included in the Housing Needs Assessment/Affordable Housing Plan. The Work Plan includes an inclusionary zoning study, a study on methods of preserving existing

affordable housing, development of a single-family rehab program, developing relationships with affordable housing developers and evaluating city-owned land to determine if any sites would be suitable for affordable housing development. The City has progressed on all these initiatives, most notably adopting a resolution authorizing execution of the major business term agreement with Gorman & Company, LLC for the development of an affordable housing community for seniors and persons with intellectual and developmental disabilities on City-owned land in September 2022.

Discussion

Providing affordable housing for residents of all income levels is a significant challenge in Naperville, as it is a relatively high-income community with high land and property values. Recognizing the social and economic benefits associated with a versatile housing stock, Naperville is committed to supporting housing policies and programs that bolster the local housing market and the local economy and plans several actions to maintain the existing affordable housing stock and increase the number of available units.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Naperville will undertake additional actions to address the following areas of concern:

1. Meeting Underserved Needs
2. Fostering and maintaining affordable housing
3. Reducing Lead-Based Paint Hazards
4. Reducing the Number of Poverty-Level Families
5. Developing Institutional Structure
6. Enhancing Coordination Between Public and Private Housing and Social Service Agencies

Actions planned to address obstacles to meeting underserved needs

The City will give high priority to working with its existing non-profit partners to address additional needs that have arisen and lingered as a result of the COVID-19 pandemic, especially in the areas of homelessness prevention, food assistance, assistance to homeless service providers, and mental health and domestic violence counseling organizations.

The City will use the priorities established in the Consolidated Plan for Program Years 2020-2024 to guide the allocation of CDBG funds. The City will continue to utilize public meetings, workshops, surveys and consultations with service providers, as well as analyzing new data, as it becomes available, to improve its understanding of community needs. During future program years, the City may consider requesting proposals for both CDBG and Social Service Grants that are specifically targeted towards underserved needs or population groups.

City staff will also continue to participate in the DuPage County HOME Advisory Commission to learn about available services and advise the Commission about Naperville's specific needs. Knowledge obtained from studies and consultation with local service providers is being used to determine which community needs are not currently being addressed adequately by existing programs, prevent duplication of services and improve coordination between service providers.

An additional obstacle to meeting underserved needs is the unavailability and uncertainty of adequate funding for projects. The actual amount of the CDBG allocation fluctuates from year to year and is influenced by factors beyond the City's control. Funding amounts are generally not adequate to meet the City's needs, especially in the areas of public services and affordable renter and owner-occupied housing. In future years, the City may consider researching and applying for additional sources of

community development funding.

Actions planned to foster and maintain affordable housing

For 2023, the City will prioritize actions designed to prevent homelessness and support renters and owners negatively impacted by job loss and income disruption. These actions will include continued funding for rent and mortgage assistance, specialized housing and services for homeless persons and persons at risk of homelessness, acquisition and rehabilitation of existing housing for affordable rentals, and providing additional supportive services, such as food, mental health and employment assistance.

Other housing-related issues are discussed in “**AP-75 Barriers to affordable housing -91.420, 91.220(j)**”.

Actions planned to reduce lead-based paint hazards

An assessment of the need for lead-based paint remediation will be undertaken for all CDBG-funded housing projects. The City will communicate with subrecipients and monitor all projects to ensure that lead-based paint regulations are implemented correctly in rehabilitation projects. Applicable lead-based paint regulations will be followed for all rehabilitation projects in which the building was constructed prior to 1978. If necessary, contractors certified in safe work practices will be used for rehab work. The City has an arrangement with DuPage County to assist the City in lead-based paint abatement.

Most of the potential lead-based paint hazards in Naperville are restricted to the older area of the City where most of the housing stock pre-dates 1978. Specifically, this area is bounded by Ogden Avenue on the north, Columbia Street on the east, Hillside Road on the south and the DuPage River on the west. U.S. Census data indicates that there could be as many as 2,700 households that may be at risk of exposure to lead based paint hazards. The City will pay special attention to monitoring rehabilitation projects located in these areas.

Actions planned to reduce the number of poverty-level families

Community Development Block Grant (CDBG) Program: In addition to completing expenditure of CDBG-CV funds to prevent homelessness, the following CDBG awards are proposed for PY 2023 funds:

- **Transitional Housing for Homeless Families and Youth:** \$110,000 to Bridge Communities to rehabilitate transitional housing for homeless families and \$50,708 to 360 Youth Services to develop a Youth Affordable Housing Center.
- **Permanent Housing for People with Disabilities:** \$43,934 to Illinois Independent Living Center for rehabilitation of the parking lot at a permanent affordable rental housing community for very low-income persons with severe physical disabilities.
- **Permanent Housing for Low-Income Seniors:** \$30,000 to Naperville Elderly Homes to upgrade

parking lot lighting for safety, accessibility and energy efficiency at their complex providing affordable rental housing for low income seniors.

- **Housing for People with Special Needs:** \$114,227 in total to three non-profit housing providers – Little Friends, Inc., Ray Graham Association and UCP Seguin - for rehabilitation work on their CILA facilities providing housing and services to persons with severe physical and mental disabilities and \$46,131 for replacement of boilers at a building used to provide educational services to severely disabled individuals enabling them to improve life skills, engage in work and live independently.
- **Public Services for Homeless and Formerly Homeless Households:** \$65,000 to Loaves & Fishes CARES Program to provide emergency rent and utility assistance to families at risk of homelessness due to severe financial difficulties and \$15,000 to DuPage PADS to provide support services to chronically homeless persons with disabilities.

Social Services Grant (SSG) Program: The Social Services Grant (SSG) Program is a crucial component of the City’s strategy to reduce the number of poverty-level families. For the Calendar Year 2023, a total of \$500,000 has been allocated to organizations and programs that provide assistance to low-income families. These programs include emergency rent and utility assistance, services to single parents, emergency housing, food assistance, employment counseling, substance abuse counseling, mental health counseling, youth services and after-school programs.

Actions planned to develop institutional structure

Staff will work with other City departments, local service providers, and agencies from DuPage County and Will County to implement the Consolidated Plan goals and strategies for 2020-2024.

In addition to the formal structure inherent in administering CDBG funds, the City will pursue informal communication and coordination with public and private housing agencies, other governmental agencies, private businesses, non-profit community agencies and other organizations working to meet the housing assistance and support needs of low and moderate-income people in the community.

The City will work with local agencies to coordinate services to eliminate gaps, reduce duplication of programs, and emphasize efficient service delivery for local, state, and federal programs.

The City will continue to participate in the DuPage County HOME Advisory Commission and will increase participation in the Continuum of Care (CoC) and other organizations, such as Impact DuPage to learn and provide input on how implementation of homelessness and affordable housing programs can be improved county-wide.

Actions planned to enhance coordination between public and private housing and social

service agencies

The City will continue to work to strengthen relationships with DuPage County and with county-wide nonprofit social service agencies and housing providers, including the DuPage Housing Authority. Staff will work with these organizations to enhance coordination between public and private agencies and between non-profit agencies providing different services to the same clientele. Many non-profit agencies have already developed these partnerships and the City will consult with them to determine how we can help to enhance these efforts.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

Introduction

This section reports on Naperville's expected Program Income for Program Year 2023 the amount of funds that will be used for urgent needs and on the percentage of CDBG funds that will be used to benefit low- and moderate-income residents.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	91.57%

Discussion

The City of Naperville does not anticipate receiving program income from any of the sources listed above during Program Year 2023. At this time, the City does not anticipate classifying any activities as Urgent Need, so over 91.57% of CDBG funds will be used to benefit low and moderate-income residents. Major activities will include rehabilitating affordable rental and owner-occupied housing for families, elderly people and people with disabilities, preventing homelessness and providing services to formerly homeless people now living in supportive housing.
