Firework requirements are to meet the NFPA 1123 Code for Fireworks Display . . . and the following:

- 1) Provide three signatures on the permit application; one must be the supervisor or lead operator of the display.
- 2) Provide a sufficient number of assistants for the safe conduct of the display and the safety of those watching the display.
- 3) Provide the names and birthdates of the operators and assistants.
- 4) Provide the years of experience for the operator and assistants.
- 5) The security of the site is the responsibility of the fireworks company and the event sponsor.
- 6) Provide a scaled site map. Show distance from firing site to spectators, parking, residences, commercial buildings, and show fallout radius.
- 7) Provide an insurance declarations page.
- 8) Provide a copy of the company's ATF license.
- 9) Provide a list/inventory of shells and the size of the largest shell (inside diameter)
- 10) Provide letters authorizing to use the property for fallout and launch site.
- 11) Provide a sufficient number of fire extinguishers - charged and tagged.
- 12) The sponsor of the display shall make provisions for adequate protection for the display.
- 13) Monitors, whose sole duty shall be the enforcement of crowd control, shall be located around the display area and at other locations as determined by the sponsor.
- 14) Monitors shall be positioned around the discharge site to prevent spectators or any other unauthorized persons from entering the discharge site. The discharge site shall be so restricted throughout the display and until the discharge site has been inspected after the display.
- 15) During the firing of the display, all personnel within the discharge site shall wear head protection, eye protection, hearing protection, and foot protection; and shall wear cotton, wool, or similarly flame-resistant, long-sleeved, long-legged clothing. Personal protection equipment as necessary shall be worn by the operator and assistants during the setup and cleanup of the display.

Change of Address (27 CFR 555.54(a)(1)). Licensees or permittees may during the term of their current license or permit remove their business or operations to a new location at which they intend regularly to carry on such business or operations. The licensee or permittee is required to give notification of the new location of the business or operations not less than 10 days prior to such removal with the Chief, Federal Explosives Licensing Center. The license or permit will be valid for the remainder of the term of the original license or permit. (The Chief, FELC, shall, if the licensee or permittee is not qualified, refer the request for amended license or permit to the Director of Industry Operations for denial in accordance with § 555.54.)

Right of Succession (27 CFR 555.59). (a) Certain persons other than the licensee or permittee may secure the right to carry on the same explosive materials business or operations at the same address shown on, and for the remainder of the term of, a current license or permit. Such persons are: (1) The surviving spouse or child, or executor, administrator, or other legal representative of a deceased licensee or permittee; and (2) A receiver or trustee in bankruptcy, or an assignee for benefit of creditors. (b) In order to secure the right provided by this section, the person or persons continuing the business or operations shall furnish the license or permit for that business or operations for endorsement of such succession to the Chief, FELC, within 30 days from the date on which the successor begins to carry on the business or operations.
