Supporters

**This petition has re-started on July 28, 2017 at the following link due to issues raised by the Naperville Planning and Zoning Commission. Please renew your support and ensure that your opinions will be considered by Naperville City Council:**

<https://www.change.org/p/naperville-city-council-let-naperville-code-protect-residents-from-high-density-california-developer>

-----  
-----  
*The following petition was submitted to Naperville Planning and Zoning Commission:*

On June 6, 2017, Avenida, a for-profit developer based in California, published revised plans to its September 30, 2016 petition to Naperville to **rezone** the 6.6 acre property on the southwest corner of Mill Street and Commons Road from **Single Family Homes** and build a **high-density age-restricted apartment complex**. Significantly, not only does Avenida seek to rezone Single Family Home land, but Avenida requests to

build **33% more** apartment units, with **45+% fewer** off street parking spaces, than required by Naperville code. Allowing Avenida to effectively disregard Naperville density and parking codes could not only negatively impact traffic, property values, and living conditions in the immediate area, it would also set a dangerous precedent to allow similar non-compliant high-density projects going forward. If Avenida's project is not in your neighborhood, the next high density project may be. Please help us preserve Naperville.

More details about Avenida's petition are provided below.

Please support Naperville residents by signing this petition and/or by attending the PZC hearing on this issue at **July 19, 2017 at 7 pm, at 400 S. Eagle St., Naperville, IL 60540.**

### ***Avenida's Proposal:***

Avenida's planned site is in the vacant land shown below, along Mill Street, between Diehl Road and Bauer Road, and across the street from the Nike Park entrance.

Naperville code (Section 6-7F-5) would allow **110** apartment units based on the size of the lot at issue, only if rezoned to no longer be land for Single Family Homes as Avenida has requested. Avenida requested to build **146** (previously 175) apartment units, approximately **33% more** than would be allowed by Naperville code for the size of the proposed site.

Naperville code (Section 6-9-3:1) would require **329** parking spaces for Avenida's requested 146 apartment units. Avenida's proposal includes a maximum of **227** parking spaces (which may include "land banked" areas for parking spaces that may never be built), **45% fewer** (if all parking spaces are built) than required by Naperville code. On a per apartment unit basis, Avenida's proposal includes a maximum of **1.55** parking spaces per unit, whereas Naperville code would require **2.25** parking spaces per apartment unit. Naturally, if residents of the proposed high-density apartment complex do not have sufficient on-site parking spaces, street parking would be a likely consequence, adding to traffic congestion.

### ***Naperville Planning and Zoning Commission Hearings:***

On January 18, 2017, Avenida presented its proposal to the Naperville Planning and Zoning Commission (PZC). Following significant resident opposition, primarily due to its high density and deficient number of parking spaces (addressed above), as well as the overall bulk of the proposed building (taller than all surrounding buildings), the hearing was continued by a month to allow Avenida time to address neighbor concerns in a redesign.

On February 15, 2017, Avenida requested and obtained from the PZC a second continuance, to delay the continued hearing by another month. Avenida did not disclose any revisions to its original proposal.

On March 15, 2017, Avenida requested and obtained from the PZC a third continuance. Avenida did not disclose any revisions to its original proposal.

On April 19, 2017, Avenida requested and obtained from the PZC a fourth continuance. Avenida did not disclose any revisions to its original proposal.

On June 6, 2017, Avenida disclosed to the public, for the first time, a revised plan that reduced the number of apartment units from 175 to 146.

The PZC hearing on Avenida's petition will take place on **July 19, 2017 at 7 pm, at 400 S. Eagle St., Naperville, IL 60540**. All Naperville residents are encouraged to attend and raise any concerns they may have.

***Petition to Protect Naperville:***

If you believe Avenida should be required to comply with Naperville code in order to build its high-density apartment complex in Naperville, please sign this petition.

Thank you for your time and concern about Naperville!

**This petition will be delivered to:**

Naperville Planning and Zoning Commission; Naperville City Council

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
1	Ghanshyam Agarwal	Naperville, IL	2017-03-27	Naperville code should be strictly followed ( 100%)
2	Yanwu Liu	Naperville, IL	2017-03-27	Rules are rules. Naperville code must be respected. Naperville residents living environment and interest must be protected.
3	Robert Garon	Naperville, IL	2017-03-27	Naperville code need to be followed. This proposal will negatively impact our neighborhood.
4	Jian Xi	Naperville, IL	2017-03-27	I am urging city to ask Avenida to follow density code to protect our property value.
5	Jiyong Ni 840 N Ellsworth Street	Chicago, IL	2017-03-27	concerned about the density and code
6	Justin Wu	Naperville, IL	2017-03-27	Breaking the code
7	Nilesh Shah	Naperville, IL	2017-03-27	The new apartment complex will create many traffic and other issues in quiet neighborhood.
8	Ashok Tanna	Naperville, IL	2017-03-27	This is single family subdivision and apartment buildings are not suitable for this subdivision!
9	Joe Galetto	Naperville, IL	2017-03-27	the city needs to provide for its residents and not overload our facilities
10	Pramod Gupta	Naperville, IL	2017-03-27	Builder needs to follow the code. The tone deaf response from builders so far to objections from affected residents creates doubt about whether they really care for the Naperville community or just the cost.
11	Sheila Welch	Morris, IL	2017-03-27	Traffic will be CRAZY!
12	Maureen Galetto	Naperville, IL	2017-03-27	Their project doesn't comply with existing codes
13	Debra Torma	Naperville, IL	2017-03-27	They need to comply with zoning laws in place.
14	Jim Huang	Naperville, IL	2017-03-27	I want to preserve Naperville's quality of life
15	Sara Leonard Bonert	naperville, IL	2017-03-27	I worry about excess and dangerous traffic increases.
16	Mike Marek	Naperville, IL	2017-03-27	I am sick and tired of Naperville City Council not listening to its residents, and supporting these developments which are entirely incompatible with the surrounding community. Bauer Place, now this. STOP it already!
17	Mary Anne Kiser	Naperville, IL	2017-03-27	Concern with congestion and compliance with codes regarding parking.
18	Jun Hao	Naperville, IL	2017-03-27	Avita project is ugly in this beautiful neighborhood, please go away.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
19	Quan Gu	Naperville, IL	2017-03-28	Codes must be enforced to ensure the quality, uniformity and values of the neighborhood.
20				
21	Gunilla Skonie	Naperville, IL	2017-03-28	The City Council should follow zoning laws .
22	Sanjay Shah	Naperville, IL	2017-03-28	Would like the development built per code
23	Thomas Rogowski	Naperville, IL	2017-03-28	I am tired of our City Council not following their own rules about zoning and density (Bauer Place). If this development goes through, what other rules will the Council choose to ignore all in the name of progress?
24	Terese Surges	Naperville, IL	2017-03-28	I don't want high density apartments in this location
25	Kelly Fessler	Naperville, IL	2017-03-28	I am signing because the zoning protects the residential district from impact by having the building limitations, if variance is approved, then why have the zoning districts.Maintain the current requirements.
26				
27	Mike Kleiser	Naperville, IL	2017-03-28	I am exceptionally concerned about the increased traffic volume that an apartment complex would add. While single family homes would add significant traffic, an apartment complex would add extreme congestion as Commons Road is one of only two routes out of the cress creek commons and century farm neighborhoods. Bauer Road would become even more congested as it already handles Cress Creek homes and heavy Ogden cut-through traffic. Please analyze this carefully and reject the developers proposal as it does not meet Naperville standards. Thank you.
28	John Colletti	Naperville, IL	2017-03-28	To congested
29	gilberto gonzalez	Aurora, IL	2017-03-28	I don't think it's right to do this. We need more parking spaces
30	Bill Cleary	Naperville, IL	2017-03-28	Strain on sewer system that is already over capacity and floods the "downstream" homes every several years. Congestion in the area.
31	Dianne Borg	Naperville, IL	2017-03-28	Naperville should follow the zoning code!!
32	Rob Koss	Naperville, IL	2017-03-28	There is no acceptable reason to allow a variance from the code. This area is located in a transitional zone between commercial and single family residential. The increased density creates an unacceptable development with increased traffic and building bulk. The adjacent development met code requirements.
33	Bill Earl	Naperville, IL	2017-03-29	former Cress Creek Commons resident
34	Edward Sandrick	Naperville, IL	2017-03-29	We need to protect our property and preserve the limited forest we have, as opposed to increasing traffic and affecting the beauty of our neighborhood
35	Kenneth Bochenski	Naperville, IL	2017-03-29	The change to such high density is ridiculous in light of the high density traffic issues we now have
36	Jerry Campbell	Naperville, IL	2017-03-29	I am opposed to this rezoning ehish will add too much population density to our neighborhood

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
37	James Adams	Naperville, IL	2017-03-29	Density too high impacting this already high density area, Mill Street north of Ogden.
38	Eric Vaughn	Naperville, IL	2017-03-29	1st, everyone has to follow city codes just like we do! No more corporations skirting the rules just because they have money=lawyers!!2nd, we dont need the added construction to change the look and feel of our community(century farms, cress creek), i.e. i dont want to see more trees cut down, which takes away from the secluded feel. Already losing part of the trees due to an unnecessary church being built on south side of this lot!
39	Marcia Sandrick	Naperville, IL	2017-03-30	I live close to this location and do not want the increased traffic and disregard Naperville density and parking codes. I expect this will negatively impact our home ownership.
40	Laura Hutton	Naperville, IL	2017-03-30	Stick to the rules or don't build in Naperville. The city council should do their job and deny this project.
41	Linda ODea	Naperville, IL	2017-03-30	We need to preserve the essence that is Naperville. Allowing this apartment complex to move forward is not in line with our current zoning and the development precedence in this neighborhood. Traffic will be a big issue - especially with insufficient parking for such a large development. Additionally Nike park is already congested spring-fall and with no light there it sometimes is very difficult to turn in and out. All around bad idea. Keep the zoning single family as currently specified!
42	Xiangliang Xia	Naperville, IL	2017-03-30	The government and business should follow the rules and promises.
43	Brian O'Dea	Naperville, IL	2017-03-30	The land is zoned single family and should stay single family. I am a business owner and have nothing against profit, however Naperville is not obliged to guarantee increased profit for a landowner or developer.
44	Richard Leviton	Naperville, IL	2017-03-30	The city government continues to support developers and turn their nose on residents this is wrong
45	Mike Meyer	Naperville, IL	2017-03-30	I oppose this. The density is tooMuch and you are changing the character. Bauer place was an example of this. When do the current residents matter?
46	Tim Donnell	Naperville, IL	2017-03-30	Too big. Too intense for the location. Not in character. Not complaint with current zoning.
47	Nick Liberio	Naperville, IL	2017-03-30	I do NOT want this complex built here.
48	Robyn Kelsh	Naperville, IL	2017-03-30	That is way too dense for the area. We do not want that type of housing next to our single family neighborhood due to density and parking. It will be too commercial.
49	John Kelsh	Naperville, IL	2017-03-30	Make the builder comply with current zoning law
50	Susan Junior	Naperville, IL	2017-03-30	This developer should be required to follow current Naperville code-No exceptions should be given

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
51	Lynne Friedlander	Naperville, IL	2017-03-30	I am mortified by this proposal. I wouldn't want to see anything other than single family homes in that location.
52	Jin Huang	Naperville, IL	2017-03-30	I don't see enough reasons to make exception for this builder not to follow Naperville code.
53	Denise Meyer	Naperville, IL	2017-03-30	I am so tired of greed winning over Good. This development is the wrong fit for the area no matter how much alleged tax revenue it brings in. Didn't another too-dense development of the Mayneland property on the SE side of the same intersection fail just a few years ago? This proposal is even more egregious, and should not be allowed to proceed.
54	Kerin Smith	Naperville, IL	2017-03-31	That is too much building for that space. Quit making exceptions. You wrote the law for a reason. Stick to it.
55	Zhenhao He	Naperville, IL	2017-03-31	This change violates the right of current residents living close by. Zhenhao He
56	Gregory Potempa, DDS	Naperville, IL	2017-03-31	High-rises in a residential area are just out of place. And secondly, it doesn't appear that the builders are following Naperville zoning laws.
57	John McCarthy	Naperville, IL	2017-03-31	I say "NO" as well! Our street "Royal Saint George Drive" is a non-stop free-way of cut through traffic. Children and animals barely escape being hit by cars on a daily basis. Today a beautiful German Shepard was hit by a car right in front of our house. Our subdivision is already a constant flood zone. Again this project will eliminate the last remaining green space in our area. Flooding in Cress Creek will be a major consequence of this project. This development will probably plug into our sewer system putting even more strain on the overloaded system. The projects getting approval today in Naperville are ridiculous. The Planning and City Council are completely out of control and looking for any projects that will fill their deficits and spending needs. They need to cut their budget and staff! The TED department has a ton of overlap and duplication. I totally agree with Steve Wolfe - worry about the "black hole" along the Ogden Avenue corridor and all over the town. The shopping center at the end of our
58	Tom Braida	Naperville, IL	2017-03-31	Loss of green space and disregard for zoning restrictions.
59	Nicole Geistler	Plainfield, IL	2017-03-31	I was born and raised in Naperville and the building and rebuilding has gotten way out of control, I don't even recognize my hometown! Sad!
60	Crissy Drendel	Naperville, IL	2017-03-31	Protect the community and property values
61	Ronald DeLacey	Naperville, IL	2017-03-31	I believe Naperville codes should be enforced.
62	Gerald Brown	Naperville, IL	2017-03-31	This will cause way too much traffic in this area. This part of town is already congested enough as residents travel to I-88 and to 3 schools all within a 1 to 2 miles of each other. Naperville North, Mill Street and Jefferson. Rush hour is becoming like living in Chicago

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
63	Lynda Coers	Naperville, IL	2017-03-31	It's important to me, as a resident of Cress Creek that all developers follow the laws and building and zoning ordinances of Naperville. This Is a residential neighborhood and should remain residential. Single homes is fine, but to let businesses from another state come in and go against our laws is unacceptable.
64	Anthony Hinsberger	Naperville, IL	2017-03-31	Follow the rules. You're not special.
65	Andrew Szavay	Naperville, IL	2017-03-31	I want the developer to comply with code. This has impacts to residents parking and potentially property value as a result.
66	Jo Ellen Ruggiero	Naperville, IL	2017-03-31	This area is congested enough without adding MORE units than code allows for. If your construction does not meet code requirements then don't build there.
67	maryclair rigby	Naperville, IL	2017-03-31	Naperville is being ruined by all this development.
68	Debbie Peters	Naperville, IL	2017-03-31	Follow the Codes...
69	Brenda Jennings	Naperville, IL	2017-03-31	Proposal violates code
70	Ginger Aymond	Naperville, IL	2017-03-31	Disregard to zone
71	Toby Conway	Naperville, IL	2017-03-31	I'm tired of the constant reduction of green space combined with the introduction of so many additional housing units in Naperville. This type of reckless building needs to stop.
72	rose filice	Aurora, IL	2017-03-31	The planning commission has rules? Why don't they enforce on this!
73	Colleen Foley	Glen Ellyn, IL	2017-04-01	I don't like big businesses not having to follow the codes that others are required to follow.
74	Pey Chu	Naperville, IL	2017-04-01	I do not see how this proposed building project benefits the residents of Naperville. This simply seems like big money trying to make more money. No! Shame on Naperville leaders for even considering this.
75	Judy Hequembourg	Naperville, IL	2017-04-01	I am signing because of the negative impact I see on my neighborhood.
76	Don Hutton	Naperville, IL	2017-04-01	Naperville is becoming a traffic and human density nightmare. Our Mayor, City Council and city staff will not stand up to the developers nor the local attorneys they hire. Way too cozy of a relationship.
77	edita zasimauskaite	naperville, IL	2017-04-01	Because i care !
78	Heidi Weber	Naperville, IL	2017-04-01	The city of Naperville needs to stop and listen to the homeowners nearby. City council is NOT God.
79	John Woods	Naperville, IL	2017-04-01	The zoning laws were put in place to protect residents of Naperville from unscrupulous developers like Avenida.
80	Eric Staskon	Naperville, IL	2017-04-01	Builder must follow codes.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
81	Hong Chao	Naperville, IL	2017-04-01	buildings should follow the Naperville code
82	Lisa Thompson	Naperville, IL	2017-04-01	I'm signing against single family homes in that area. Too congested.
83	MARY WHITE	Naperville, IL	2017-04-01	We need to follow the rules...they are there for a reason. This area is BUSY and the impact on our streets/water is not a positive one.
84	Julie Kominsky	Naperville, IL	2017-04-02	They should comply with code.
85	Trista Bordignon	Naperville, IL	2017-04-02	I am signing because I will not be voting for anyone who votes for this for our community.
86	Kathy Kosloski	Naperville, IL	2017-04-02	It's already a traffic nightmare over there. I say a prayer every time I come and go from Nike, which is often with two boys and daughter who practice there. Our neighborhood has flooding issues because the city let others bend rules. Please stop all the variances. Rules are set for a reason.
87	Karen Homme	Naperville, IL	2017-04-02	Karen Homme
88	Linda Lahti	Naperville, IL	2017-04-02	This is not an acceptable use for this land. I urge the commission to keep this for single family housing. The density is too high.
89	Jaclyn Lauderback	Naperville, IL	2017-04-02	We need more efforts to preserve green space in our city and reduce flood risk.
90	Connie McCormick	Naperville, IL	2017-04-02	I do not want increased traffic and congestion trying to get out of our subdivision. I am also concerned that there are not enough parking spaces for the number of units being considered.
91	maya shah	naperville, IL	2017-04-02	There is no reason to go outside of established density/building guidelines. Parking will be an issue as well as congestion of the area streets making already hazardous turns even worse.
92	Lynne Kallstrand	Naperville, IL	2017-04-02	I believe that this is unethical.
93	holly hootman	Naperville, IL	2017-04-02	This is not okay! They are forcing these structures on our community which destroys the very reason we livery here!
94	Amy Rossi	Naperville, IL	2017-04-02	I'm against this proposal. Would prefer decreased congestion around my home and neighborhood.
95	Lisa kunkes	naperville, IL	2017-04-02	Lack of parking and not a good area for a complex. Not needed.
96	Carol Reinerio	Naperville, IL	2017-04-02	I don't believe the apartment complex should be allowed!! Too many apartments and too little parking! The traffic on Mill St. is all ready horrendous, it doesn't need to get worse.
97	Thomas Rossi	Naperville, IL	2017-04-02	I'm signing this petition because we already have enough traffic and housing developments in this area. I've lived around this area of Naperville since 1980 and while most of the developments have made for a better, more prosperous Naperville, at some point it's got to stop. This area has gotten so claustrophobic and busy and it's starting to impact our lives in a negative way.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
98	yvonne miranda	naperville, IL	2017-04-02	I don't want a multi unit high rise buildings built in this location.
99	Robyn Carlson	Naperville, IL	2017-04-02	I say no to this project. It will significantly impact the northern edge of Naperville and cause issues with surrounding already high traffic areas in and around Nike park!
100	Joshua Louis	Naperville, IL	2017-04-02	Being involved in another Bauer St. development (with a less than ideal outcome) made clear the need of community involvement in the development of our land. If we only stand when it is in our backyard it will be easy for those in power to dismiss resident concerns; this will undoubtedly impact all north side residents. I look forward to seeing how our new council members handle this proposal.
101	Julie Berkowicz	Naperville, IL	2017-04-03	High density, variances, more annexation
102	dave borg	naperville, IL	2017-04-03	Laws are created for good reason. If something's wrong with the law/ordinance etc. fight to change it. Otherwise suck it up and comply. Unlike the recent condo project our Mayor approved at the far east end of Bauer.
103	Kathy Limp	Naperville, IL	2017-04-03	Single family homes only. Do not change the code.
104	Jeannette DiGiovine	Naperville, IL	2017-04-03	This is a single family residential area, and should remain to keep up the charm of Naperville. Putting in multi units with limited parking imposes several dangers. The codes are there for a reason and this should not be allowed to move forward. It is very disappointing that this project was even allowed in the first place at this location. We dealt with this issue with Mayneland Farm several years ago. Please keep Naperville the, "best place to raise kids!"
105	Chandra Gupta	Naperville, IL	2017-04-03	I oppose not only because the plan violates Naperville zoning guidelines, that it will be a safety issue for residents besides destroying the beauty of the neighborhood which includes Nike park, Century Farms and Cress Creek. Everyone loves Naperville because of its great planning and layout, lets keep it that way!
106	David Wade	Naperville, IL	2017-04-03	We should never lose green space lightly, particularly where the developer is asking for special treatment and given the nearby eyesore stretches on Ogden. Let them redevelop a decrepit strip mall and actually improve our community thereby.
107	Fran Bixler	Naperville, IL	2017-04-03	I would like the developer to compromise the concerns the neighboring communities have in regards to height and parking.
108	Todd Chesnut	Naperville, IL	2017-04-03	This will add more traffic and congestion in the Cress Creek neighborhood and on Royal Saint George drive
109	Richard Li	Naperville, IL	2017-04-03	Support neighbor
110	Cynthia Arnold	Naperville, IL	2017-04-03	Use the land for an extension to Nike Park.
111	Sam Jaros	Naperville, IL	2017-04-03	Naperville should be a family town, not a dense city

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
113	weiqun mao	Naperville, IL	2017-04-04	high density
114	Andrew Wynn	Naperville, IL	2017-04-04	Codes are in place for a reason.
115	Robert Duda	Naperville, IL	2017-04-04	The proposed development is not consistent with the look and feel of the surrounding area and does not warrant rezoning of this land earmarked for single family homes. The developer has not set forth a legitimate reason for not complying with Naperville's building code particularly with respect to density and parking.
116	Bonnie O'Brien	Naperville, IL	2017-04-04	No significant reason to grant a variance to Naperville code for this apartment complex. If you allow this, what next?
117	Kristen Bolduc	Naperville, IL	2017-04-05	I don't want increased traffic on Mill St
118	Jim Peters	Naperville, IL	2017-04-06	The current code must be followed.
119	Robert Irvine	Naperville, IL	2017-04-06	I expect Naperville Planning and Zoning will do the right thing and reject this petition for a development that is so out of character for our city.
120	Kelley Irvine	Naperville, IL	2017-04-06	Codes exist for a reason. This is not a minor variance, but a complete disregard of green space, parking space, and number of residences. This would cause traffic problems and be an eyesore. They need to find a larger lot for this type of development.
121	Andrea Bonney	Naperville, IL	2017-04-13	I'm concerned the size and density of the proposed development will lower property values in our neighborhood.
122	Diane McManigal	Naperville, IL	2017-04-20	I do not oppose Avenida but I DO OPPOSE the variances they want, the very high density and low ratio of parking places.
123	Dennis Ford	Naperville, NY	2017-06-22	We live in a city that has implemented controls to ensure the safety of its residents. These should be followed and not breached for sake of a few more dollars. there is not public interest served by the construction of this project.
124	Angela Baldinger	Naperville, IL	2017-06-22	Please leave current zoning for single family homes in place. It was zoned this way for a reason! We have enough traffic on Mill and cut through traffic in Royal St George.
125	John Cramer	Naperville, IL	2017-06-22	My neighbors and I are alarmed at the state of the current Avenida proposal. A number of the candidates recently running for city council seats indicated their votes on Avenida would follow the advice of the planning and zoning commission. Thus the commission is strongly urged to reject any variance to existing zoning requirements. Observance of the zoning provisions is important to the residents of Cress Creek, but also as a signal to all Naperville residents that zoning requirements are not "for sale" in order to achieve growth.
126	Pearl zhang	Naperville, IL	2017-06-22	I am signing this petition because I against Avenida not following city zoning rules.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
127	Brad Miller	Naperville, IL	2017-06-28	The planning & city council must be practicing for future careers in Springfield. Leave the green space alone and go re-develop Ogden between Washington and Naperville Road. You're shoving commercial projects into areas surrounded by parks, children, and schools. It is a disgrace.
128	Trinh Ta	Naperville, IL	2017-07-14	This new development must follow Naperville code; otherwise my property value will be negatively affected.
129	Nick Liberio	Naperville, IL	2017-07-14	I feel the building is too large for that area and not enough parking. They need to be within code.
130	Chandra Gupta	Naperville, IL	2017-07-14	I expect Naperville to maintain and enforce its high standards and quality zoning policies.
131	Don Hutton	Naperville, IL	2017-07-14	Enough is enough. The population density and traffic in Naperville is getting to the point where it is a difficult place to live.
132	Keith Kutay	Naperville, IL	2017-07-16	I live in Cress Creek & I'm concerned about the negative impact that would result from this project.
133	Theresa Sullivan	Naperville, IL	2017-07-16	Naperville has zoning rules and building codes for a reason. If the codes are out of date or are problematic, the City Council should start the process of changing them. Developers shouldn't be deciding that for them. After the Bauer Place fiasco, where the developer built more than the City Council originally approved with no penalty, I'm less inclined to trust that developers will be held to their promises to the residents and to City Council. Also, the assumption that residents won't have a car is pretty bold! It's an over 55 community and it's not like Mill and Bauer are a hub of public transportation - of course residents will have a car if they can drive (as most suburban people in their 60s and 70s do), and they'll have visitors who will visit them by car. Parking needs to be to code.
134	Kendra panek	Naperville, IL	2017-07-16	The traffic on mill in that area is already awful after soccer practices. This will only make it worse.
135	bob rak	Naperville, IL	2017-07-16	the laws/codes exist for good REASON and require compliance by all!
136	John McCarthy	Naperville, IL	2017-07-16	I live on Royal Saint George Drive by the country club. Traffic is already unbearable along with major flooding issues rampant in Cress Creek. This project should NOT be allowed. Traffic and flooding already completely intolerable and this project will only acerbate the problem Residents don't even know this is going on. The Cress Creek Homeowners Association spokesman said that Cress Creek homeowner support this project. That is interesting since he has never spoken the majority on Cress Creek Homeowners. This is a failed and terrible project for this space.
137	Kelly Fessler	Naperville, IL	2017-07-17	Why does this developer think that reducing the initial proposed units and parking is the answer to acquiring approval to building in Naperville. Why didn't they just come in initially requesting 5000 units with one parking space. They still do not meet the requirements for the zoning district. They need to meet the requirements as does everyone else and then go through the

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
				process of approval. I am totally against the proposal when it does not meet the criteria set for the zoning. Why would the City planning commission waste their time with a non-compliant project that is asking for variances. Kick this one back to the developer to comply. I am also concerned that this, like the other "Age Restricted" buildings/developments will become. Naper Place on main street was proposed as one, it is now the rentals for college students, North Central College students. Monarch development was going to be this grand development with multiple buildings on the large campus at Ferry Rd and Route 59. The left aft
138	Rachel Schneider	Naperville, IL	2017-07-17	We have zoning laws for a reason and they shouldn't be tossed aside without a compelling reason. If you want to get Naperville off the "10 Best" lists, go ahead and overbuild and cram this town full of traffic and high-density housing.
139	Barbara Weller	Naperville, IL	2017-07-17	I live in the neighborhood and had tried to contact these folks myself but got no response.
140	Louis Kaplan	Naperville, IL	2017-07-18	Worried that destruction of remaining green space will be bad for flood control + traffic through royal Saint George. As others stated, lots of empty strip malls close by that could use infusion of a development like this.
141	Mary Beth Nagai	Naperville, IL	2017-07-18	In addition to the stated issues (density, parking, green space), this is also a safety issue. We have kids/families walking on Commons to get to Nike park. With 2 entry/exit points on Commons, I worry about pedestrian/car accidents. Regardless of whether this complex is built, the city needs to put a light at Mill and Commons for those trying to use Nike.
142	Yanwu Liu	Naperville, IL	2017-07-18	The Naperville code must be honored.
143	Steven Huo	Naperville, IL	2017-07-18	Steven Huo
144	Lynne Friedlander	Naperville, IL	2017-07-19	Too much traffic, we don't need anything more built in this area.
145	Janice Duplex	Naperville, IL	2017-07-19	Please do not allow this variance on number of units. As for the parking spaces, an agreement with Harbor Chase Nursing facility should be made to use their under-utilized spaces!
146	Kim Flaherty	Naperville, IL	2017-07-19	We don't want more traffic, more noise, more cars parked in or near our homes and besides the city must enforce the code, otherwise it's meaningless
147	Tony Askins	Naperville, IL	2017-07-19	I am a homeowner and do not approve of the builders disregard for naperville parking allowances per unit.
148	Tamara Los	Naperville, IL	2017-07-19	I am signing because complying with Naperville code is good for all of us
149	Michael Race	Naperville, IL	2017-07-19	This developer should be required to follow city building codes. The density of this development will create tremendous traffic problems.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
150	Wendy Hennessy	Naperville, IL	2017-07-19	I think this is the worst thing you can allow for Naperville. I believe it should stay zoned single family homes.
151	Rita Guill	naperville, IL	2017-07-19	I don't want this here, I live near by
152	Christine Drendel	Naperville, IL	2017-07-19	Being from Naperville for over 30 years I have seen this community grow over. The years. I've lived on the south, central and north sides of town. I believe there is no other area with more high density living than on the North side where this project is being proposed. Please do not allow this company to build this project in our area. I believe it would negatively effect our community in many different levels.
153	Joe Fuentes	Naperville, IL	2017-07-19	I oppose the builder's latest proposal.
154	Cindy McCullagh	Naperville, IL	2017-07-19	This is not the type of development intended for this site. NO REZONING. We do not need the additional traffic this would generate or to exacerbate the problems we already have with flooding. NO LARGE PARKING LOTS that would increase runoff and flood those of use who are already here.
155	David Lesle	Naperville, IL	2017-07-19	The rezoning request should NOT be granted. This area has already lost too much open space - increasing flooding and wildlife intrusion. The proposal for parking is unreasonable. In my experience, other similar facilities in the region are regularly having parking issues. In this project, lack of on-site parking would naturally result in on-street parking in existing residential areas. I am skeptical of the proposed plans initially unused space being used for parking expansion. I have seen other similar housing facilities expand residential units at the expense of parking. Once such a development is approved, there is little penalty for on-street parking and no leverage to enforce the promise of expanding parking. Regardless any increase in on-street parking, the additional traffic would further degrade the safety of our streets which as mentioned by other commentors is already putting people and pets at risk.
156	Corda Murphy	Naperville, IL	2017-07-19	Naperville codes should be followed.
157	julie chesnut	Naperville, IL	2017-07-19	NO MORE TRAFFIC IN CRESS CREEK!!!!

159	Chris Frantzen	Naperville, IL	2017-07-19	Leave the trees. No more urban sprawl!
160	Kevin Kearns	Shabbona, IL	2017-07-20	I am sick of all the apartment complexes being built in naperville.
161	Paul Cozzi	Naperville, IL	2017-07-20	Developer should follow our Codes.
162	Sharon Keating	Oswego, IL	2017-07-21	My sister lives in Naperville and im close

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
164	Brenda Prendergast	Naperville, IL	2017-07-22	Already to congested!!!! Very busy street/area!
165	Barbara Weller	Naperville, IL	2017-07-22	Why don't we just erase and throw out the city code???? It seems to get in the way of soooo many poor souls trying to get in on the cash prospects in Naperville.....huh, come on, give the lads a chance. How will they get their big shiny cars if they don't come and ravage our neighborhood, huh???? I just don't thing cutting the plan by 30% would get them as big a car as they reeeeeaaally need. Right?
166	Nick Liberio	Naperville, IL	2017-08-04	First. they need to follow Naperville code and secondly, I am against the project as it will take away more green space and add more congestion to an already congested area.
167	Stephen Greenup	Volo, IL	2017-08-19	Follow the zoning rules. No exceptions.

## Require Apartment Developer to Follow Naperville Code (NEW July 28, 2017)

### Require Apartment Developer to Follow Naperville Density and Parking Codes (NEW July 28, 2017)

Avenida is requesting to build a 146-unit "age-restricted" apartment complex across from Nike Park on Mill Street in northern Naperville, Illinois. Avenida has stated it intends to restrict residents to age 55+. Avenida's proposal does not comply with **Naperville's density or parking codes**, as explained below. Please sign this petition if you think City Council should require Avenida to comply with Naperville's density and parking codes in order to build an apartment complex in Naperville.

*Note: An earlier resident petition on this issue was recently presented to the Naperville Planning and Zoning Commission. Unfortunately, some of the commissioners stated that, for various reasons, they ignored the resident petition while voting in support of Avenida's proposal. This revised petition aims to address specific concerns of those commissioners as well as new comments raised by City Council. As long as you make your opinions here **public**, include your **full name**, and list your **Naperville address**, we expect that City Council will consider them.*

#### **Avenida's Proposal:**

<https://www.change.org/p/naperville-city-council-let-naperville-code-protect-residents-from-high-density-california-developer>

1/2

Avenida's planned site is in the vacant land shown here, along Mill Street, between Diehl Road and Bauer Road, and across the street from the Nike Park entrance.

Avenida admits, "The Property is currently zoned **R3 Single Family Residence** District in DuPage County, Illinois and is vacant and unimproved."□ (Avenida's 6/14/2017 Amended Petition, p. 2.)

Avenida has requested to rezone this vacant land to "**OCI** (Office, Commercial and Institutional District)."□ (Id.)

**Naperville code (Section 6-7F-5)** would allow up to as many as **110 units** based on the size of the lot at issue (6.6 acres), but only if this land is rezoned from the above R3 Single Family Residence to OCI. Avenida requests not only OCI rezoning, but also to build **146 apartment units, 33% more** than allowed under the above Naperville code.

**Naperville code (Section 6-9-3:1)** would require **329 parking spaces** for Avenida's requested 146 apartment units. Avenida's proposal includes approximately **200** parking spaces that are to be constructed, with land reserved for possible future construction of **26** more parking spaces for a potential total of approximately **226** parking spaces (numbers are approximate because Avenida reported numbers for both constructed and "land-banked" spaces on a total per-apartment-unit basis of 1.55/unit).

#### **Petition to Protect Naperville:**

If you believe Avenida should be required to comply with Naperville density and parking codes in order to build its apartment complex in Naperville, please sign this petition. Please make your comments **public**, include your **full name**, and list your **Naperville address** to help ensure that City Council will consider them.

Thank you for your time and concern about Naperville!

Justin Philpott (jphilpott@gmail.com)

**This petition will be delivered to:**  
Naperville City Council

168	Ghanshyam Agarwal	Naperville, IL	2017-03-27	Naperville code should be strictly followed ( 100%)
169	Yanwu Liu	Naperville, IL	2017-03-27	Rules are rules. Naperville code must be respected. Naperville residents living environment and interest must be protected.
170	Robert Garon	Naperville, IL	2017-03-27	Naperville code need to be followed. This proposal will negatively impact our neighborhood.
171	Jian Xi	Naperville, IL	2017-03-27	I am urging city to ask Avenida to follow density code to protect our property value.
172	Jiyong Ni 840 N Ellsworth Street	Chicago, IL	2017-03-27	concerned about the density and code
173	Justin Wu	Naperville, IL	2017-03-27	Breaking the code
174	Nilesh Shah	Naperville, IL	2017-03-27	The new apartment complex will create many traffic and other issues in quiet neighborhood.
175	Ashok Tanna	Naperville, IL	2017-03-27	This is single family subdivision and apartment buildings are not suitable for this subdivision!
176	Joe Galetto	Naperville, IL	2017-03-27	the city needs to provide for its residents and not overload our facilities
177	Pramod Gupta	Naperville, IL	2017-03-27	Builder needs to follow the code. The tone deaf response from builders so far to objections from affected residents creates doubt about whether they really care for the Naperville community or just the cost.
178	Sheila Welch	Morris, IL	2017-03-27	Traffic will be CRAZY!
179	Maureen Galetto	Naperville, IL	2017-03-27	Their project doesn't comply with existing codes
180	Debra Torma	Naperville, IL	2017-03-27	They need to comply with zoning laws in place.
181	Jim Huang	Naperville, IL	2017-03-27	I want to preserve Naperville's quality of life
182	Sara Leonard Bonert	naperville, IL	2017-03-27	I worry about excess and dangerous traffic increases.
183	Mike Marek	Naperville, IL	2017-03-27	I am sick and tired of Naperville City Council not listening to its residents, and supporting these developments which are entirely incompatible with the surrounding community. Bauer Place, now this. STOP it already!
184	Mary Anne Kiser	Naperville, IL	2017-03-27	Concern with congestion and compliance with codes regarding parking.

188	Sanjay Shah	Naperville, IL	2017-03-28	Would like the development built per code
189	Thomas Rogowski	Naperville, IL	2017-03-28	I am tired of our City Council not following their own rules about zoning and density (Bauer Place). If this development goes through, what other rules will the Council choose to ignore all in the name of progress?
190	Terese Surges	Naperville, IL	2017-03-28	I don't want high density apartments in this location
191	Kelly Fessler	Naperville, IL	2017-03-28	I am signing because the zoning protects the residential district from impact by having the building limitations, if variance is approved, then why have the zoning districts.Maintain the current requirements.
192	Mike Kleiser	Naperville, IL	2017-03-28	I am exceptionally concerned about the increased traffic volume that an apartment complex would add. While single family homes would add significant traffic, an apartment complex would add extreme congestion as Commons Road is one of only two routes out of the cress creek commons and century farm neighborhoods. Bauer Road would become even more congested as it already handles Cress Creek homes and heavy Ogden cut-through traffic. Please analyze this carefully and reject the developers proposal as it does not meet Naperville standards. Thank you.
193	John Colletti	Naperville, IL	2017-03-28	To congested
194	gilberto gonzalez	Aurora, IL	2017-03-28	I don't think it's right to do this. We need more parking spaces
195	Bill Cleary	Naperville, IL	2017-03-28	Strain on sewer system that is already over capacity and floods the "downstream" homes every several years. Congestion in the area.
196	Dianne Borg	Naperville, IL	2017-03-28	Naperville should follow the zoning code!!
197	Rob Koss	Naperville, IL	2017-03-28	There is no acceptable reason to allow a variance from the code. This area is located in a transitional zone between commercial and single family residential. The increased density creates an unacceptable development with increased traffic and building bulk. The adjacent development met code requirements.
198	Bill Earl	Naperville, IL	2017-03-29	former Cress Creek Commons resident
199	Edward Sandrick	Naperville, IL	2017-03-29	We need to protect our property and preserve the limited forest we have, as opposed to increasing traffic and affecting the beauty of our neighborhood
200	Kenneth Bochenski	Naperville, IL	2017-03-29	The change to such high density is ridiculous in light of the high density traffic issues we now have
201	Jerry Campbell	Naperville, IL	2017-03-29	I am opposed to this rezoning ehish will add too much population density to our neighborhood

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
202	James Adams	Naperville, IL	2017-03-29	Density too high impacting this already high density area, Mill Street north of Ogden.
203	Eric Vaughn	Naperville, IL	2017-03-29	1st, everyone has to follow city codes just like we do! No more corporations skirting the rules just because they have money=lawyers!!2nd, we dont need the added construction to change the look and feel of our community(century farms, cress creek), i.e. i dont want to see more trees cut down, which takes away from the secluded feel. Already losing part of the trees due to an unnecessary church being built on south side of this lot!
204	Marcia Sandrick	Naperville, IL	2017-03-30	I live close to this location and do not want the increased traffic and disregard Naperville density and parking codes. I expect this will negatively impact our home ownership.
205	Laura Hutton	Naperville, IL	2017-03-30	Stick to the rules or don't build in Naperville. The city council should do their job and deny this project.
206	Linda ODea	Naperville, IL	2017-03-30	We need to preserve the essence that is Naperville. Allowing this apartment complex to move forward is not in line with our current zoning and the development precedence in this neighborhood. Traffic will be a big issue - especially with insufficient parking for such a large development. Additionally Nike park is already congested spring-fall and with no light there it sometimes is very difficult to turn in and out. All around bad idea. Keep the zoning single family as currently specified!
207	Xiangliang Xia	Naperville, IL	2017-03-30	The government and business should follow the rules and promises.
208	Brian O'Dea	Naperville, IL	2017-03-30	The land is zoned single family and should stay single family. I am a business owner and have nothing against profit, however Naperville is not obliged to guarantee increased profit for a landowner or developer.
209	Richard Leviton	Naperville, IL	2017-03-30	The city government continues to support developers and turn their nose on residents this is wrong
210	Mike Meyer	Naperville, IL	2017-03-30	I oppose this. The density is tooMuch and you are changing the character. Bauer place was an example of this. When do the current residents matter?
211	Tim Donnell	Naperville, IL	2017-03-30	Too big. Too intense for the location. Not in character. Not complaint with current zoning.
212	Nick Liberio	Naperville, IL	2017-03-30	I do NOT want this complex built here.
213	Robyn Kelsh	Naperville, IL	2017-03-30	That is way too dense for the area. We do not want that type of housing next to our single family neighborhood due to density and parking. It will be too commercial.
214	John Kelsh	Naperville, IL	2017-03-30	Make the builder comply with current zoning law
215	Susan Junior	Naperville, IL	2017-03-30	This developer should be required to follow current Naperville code-No exceptions should be given

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>

217	Jin Huang	Naperville, IL	2017-03-30	I don't see enough reasons to make exception for this builder not to follow Naperville code.
218	Denise Meyer	Naperville, IL	2017-03-30	I am so tired of greed winning over Good. This development is the wrong fit for the area no matter how much alleged tax revenue it brings in. Didn't another too-dense development of the Mayneland property on the SE side of the same intersection fail just a few years ago? This proposal is even more egregious, and should not be allowed to proceed.
219	Kerin Smith	Naperville, IL	2017-03-31	That is too much building for that space. Quit making exceptions. You wrote the law for a reason. Stick to it.
220	Zhenhao He	Naperville, IL	2017-03-31	This change violates the right of current residents living close by. Zhenhao He
221	Gregory Potempa, DDS	Naperville, IL	2017-03-31	High-rises in a residential area are just out of place. And secondly, it doesn't appear that the builders are following Naperville zoning laws.
222	John McCarthy	Naperville, IL	2017-03-31	I say "NO" as well! Our street "Royal Saint George Drive" is a non-stop free-way of cut through traffic. Children and animals barely escape being hit by cars on a daily basis. Today a beautiful German Shepard was hit by a car right in front of our house. Our subdivision is already a constant flood zone. Again this project will eliminate the last remaining green space in our area. Flooding in Cress Creek will be a major consequence of this project. This development will probably plug into our sewer system putting even more strain on the overloaded system. The projects getting approval today in Naperville are ridiculous. The Planning and City Council are completely out of control and looking for any projects that will fill their deficits and spending needs. They need to cut their budget and staff! The TED department has a ton of overlap and duplication. I totally agree with Steve Wolfe - worry about the "black hole" along the Ogden Avenue corridor and all over the town. The shopping center at the end of our
223	Tom Braida	Naperville, IL	2017-03-31	Loss of green space and disregard for zoning restrictions.
224	Nicole Geistler	Plainfield, IL	2017-03-31	I was born and raised in Naperville and the building and rebuilding has gotten way out of control, I don't even recognize my hometown! Sad!
225	Crissy Drendel	Naperville, IL	2017-03-31	Protect the community and property values
226	Ronald DeLacey	Naperville, IL	2017-03-31	I believe Naperville codes should be enforced.
227	Gerald Brown	Naperville, IL	2017-03-31	This will cause way too much traffic in this area. This part of town is already congested enough as residents travel to I-88 and to 3 schools all within a 1 to 2 miles of each other. Naperville North, Mill Street and Jefferson. Rush hour is becoming like living in Chicago

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
228	Lynda Coers	Naperville, IL	2017-03-31	It's important to me, as a resident of Cress Creek that all developers follow the laws and building and zoning ordinances of Naperville. This Is a residential neighborhood and should remain residential. Single homes is fine, but to let businesses from another state come in and go against our laws is unacceptable.
229	Anthony Hinsberger	Naperville, IL	2017-03-31	Follow the rules. You're not special.
230	Andrew Szavay	Naperville, IL	2017-03-31	I want the developer to comply with code. This has impacts to residents parking and potentially property value as a result.
231	Jo Ellen Ruggiero	Naperville, IL	2017-03-31	This area is congested enough without adding MORE units than code allows for. If your construction does not meet code requirements then don't build there.
232	maryclair rigby	Naperville, IL	2017-03-31	Naperville is being ruined by all this development.
233	Debbie Peters	Naperville, IL	2017-03-31	Follow the Codes...
234	Brenda Jennings	Naperville, IL	2017-03-31	Proposal violates code
235	Ginger Aymond	Naperville, IL	2017-03-31	Disregard to zone
236	Toby Conway	Naperville, IL	2017-03-31	I'm tired of the constant reduction of green space combined with the introduction of so many additional housing units in Naperville. This type of reckless building needs to stop.
237	rose filice	Aurora, IL	2017-03-31	The planning commission has rules? Why don't they enforce on this!
238	Colleen Foley	Glen Ellyn, IL	2017-04-01	I don't like big businesses not having to follow the codes that others are required to follow.
239	Pey Chu	Naperville, IL	2017-04-01	I do not see how this proposed building project benefits the residents of Naperville. This simply seems like big money trying to make more money. No! Shame on Naperville leaders for even considering this.
240	Judy Hequembourg	Naperville, IL	2017-04-01	I am signing because of the negative impact I see on my neighborhood.
241	Don Hutton	Naperville, IL	2017-04-01	Naperville is becoming a traffic and human density nightmare. Our Mayor, City Council and city staff will not stand up to the developers nor the local attorneys they hire. Way too cozy of a relationship.
242	edita zasimauskaite	naperville, IL	2017-04-01	Because i care !
243	Heidi Weber	Naperville, IL	2017-04-01	The city of Naperville needs to stop and listen to the homeowners nearby. City council is NOT God.
244	John Woods	Naperville, IL	2017-04-01	The zoning laws were put in place to protect residents of Naperville from unscrupulous developers like Avenida.
245	Eric Staskon	Naperville, IL	2017-04-01	Builder must follow codes.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
246	Hong Chao	Naperville, IL	2017-04-01	buildings should follow the Naperville code
247	Lisa Thompson	Naperville, IL	2017-04-01	I'm signing against single family homes in that area. Too congested.
248	MARY WHITE	Naperville, IL	2017-04-01	We need to follow the rules...they are there for a reason. This area is BUSY and the impact on our streets/water is not a positive one.
249	Julie Kominsky	Naperville, IL	2017-04-02	They should comply with code.
250	Trista Bordignon	Naperville, IL	2017-04-02	I am signing because I will not be voting for anyone who votes for this for our community.
251	Kathy Kosloski	Naperville, IL	2017-04-02	It's already a traffic nightmare over there. I say a prayer every time I come and go from Nike, which is often with two boys and daughter who practice there. Our neighborhood has flooding issues because the city let others bend rules. Please stop all the variances. Rules are set for a reason.
252	Karen Homme	Naperville, IL	2017-04-02	Karen Homme
253	Linda Lahti	Naperville, IL	2017-04-02	This is not an acceptable use for this land. I urge the commission to keep this for single family housing. The density is too high.
254	Jaclyn Lauderback	Naperville, IL	2017-04-02	We need more efforts to preserve green space in our city and reduce flood risk.
255	Connie McCormick	Naperville, IL	2017-04-02	I do not want increased traffic and congestion trying to get out of our subdivision. I am also concerned that there are not enough parking spaces for the number of units being considered.
256	maya shah	naperville, IL	2017-04-02	There is no reason to go outside of established density/building guidelines. Parking will be an issue as well as congestion of the area streets making already hazardous turns even worse.
257	Lynne Kallstrand	Naperville, IL	2017-04-02	I believe that this is unethical.
258	holly hootman	Naperville, IL	2017-04-02	This is not okay! They are forcing these structures on our community which destroys the very reason we livery here!
259	Amy Rossi	Naperville, IL	2017-04-02	I'm against this proposal. Would prefer decreased congestion around my home and neighborhood.
260	Lisa kunkes	naperville, IL	2017-04-02	Lack of parking and not a good area for a complex. Not needed.
261	Carol Reinerio	Naperville, IL	2017-04-02	I don't believe the apartment complex should be allowed!! Too many apartments and too little parking! The traffic on Mill St. is all ready horrendous, it doesn't need to get worse.
262	Thomas Rossi	Naperville, IL	2017-04-02	I'm signing this petition because we already have enough traffic and housing developments in this area. I've lived around this area of Naperville since 1980 and while most of the developments have made for a better, more prosperous Naperville, at some point it's got to stop. This area has gotten so claustrophobic and busy and it's starting to impact our lives in a negative way.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
263	yvonne miranda	naperville, IL	2017-04-02	I don't want a multi unit high rise buildings built in this location.
264	Robyn Carlson	Naperville, IL	2017-04-02	I say no to this project. It will significantly impact the northern edge of Naperville and cause issues with surrounding already high traffic areas in and around Nike park!
265	Joshua Louis	Naperville, IL	2017-04-02	Being involved in another Bauer St. development (with a less than ideal outcome) made clear the need of community involvement in the development of our land. If we only stand when it is in our backyard it will be easy for those in power to dismiss resident concerns; this will undoubtedly impact all north side residents. I look forward to seeing how our new council members handle this proposal.
266	Julie Berkowicz	Naperville, IL	2017-04-03	High density, variances, more annexation
267	dave borg	naperville, IL	2017-04-03	Laws are created for good reason. If something's wrong with the law/ordinance etc. fight to change it. Otherwise suck it up and comply. Unlike the recent condo project our Mayor approved at the far east end of Bauer.
268	Kathy Limp	Naperville, IL	2017-04-03	Single family homes only. Do not change the code.
269	Jeannette DiGiovine	Naperville, IL	2017-04-03	This is a single family residential area, and should remain to keep up the charm of Naperville. Putting in multi units with limited parking imposes several dangers. The codes are there for a reason and this should not be allowed to move forward. It is very disappointing that this project was even allowed in the first place at this location. We dealt with this issue with Mayneland Farm several years ago. Please keep Naperville the, "best place to raise kids!"
270	Chandra Gupta	Naperville, IL	2017-04-03	I oppose not only because the plan violates Naperville zoning guidelines, that it will be a safety issue for residents besides destroying the beauty of the neighborhood which includes Nike park, Century Farms and Cress Creek. Everyone loves Naperville because of its great planning and layout, lets keep it that way!
271	David Wade	Naperville, IL	2017-04-03	We should never lose green space lightly, particularly where the developer is asking for special treatment and given the nearby eyesore stretches on Ogden. Let them redevelop a decrepit strip mall and actually improve our community thereby.
272	Fran Bixler	Naperville, IL	2017-04-03	I would like the developer to compromise the concerns the neighboring communities have in regards to height and parking.
273	Todd Chesnut	Naperville, IL	2017-04-03	This will add more traffic and congestion in the Cress Creek neighborhood and on Royal Saint George drive
274	Richard Li	Naperville, IL	2017-04-03	Support neighbor
275	Cynthia Arnold	Naperville, IL	2017-04-03	Use the land for an extension to Nike Park.
276	Sam Jaros	Naperville, IL	2017-04-03	Naperville should be a family town, not a dense city
277	jjong li	Naperville, IL	2017-04-04	high density

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
278	weiqun mao	Naperville, IL	2017-04-04	high density
279	Andrew Wynn	Naperville, IL	2017-04-04	Codes are in place for a reason.
280	Robert Duda	Naperville, IL	2017-04-04	The proposed development is not consistent with the look and feel of the surrounding area and does not warrant rezoning of this land earmarked for single family homes. The developer has not set forth a legitimate reason for not complying with Naperville's building code particularly with respect to density and parking.
281	Bonnie O'Brien	Naperville, IL	2017-04-04	No significant reason to grant a variance to Naperville code for this apartment complex. If you allow this, what next?
282	Kristen Bolduc	Naperville, IL	2017-04-05	I don't want increased traffic on Mill St
283	Jim Peters	Naperville, IL	2017-04-06	The current code must be followed.
284	Robert Irvine	Naperville, IL	2017-04-06	I expect Naperville Planning and Zoning will do the right thing and reject this petition for a development that is so out of character for our city.
285	Kelley Irvine	Naperville, IL	2017-04-06	Codes exist for a reason. This is not a minor variance, but a complete disregard of green space, parking space, and number of residences. This would cause traffic problems and be an eyesore. They need to find a larger lot for this type of development.
286	Andrea Bonney	Naperville, IL	2017-04-13	I'm concerned the size and density of the proposed development will lower property values in our neighborhood.
287	Diane McManigal	Naperville, IL	2017-04-20	I do not oppose Avenida but I DO OPPOSE the variances they want, the very high density and low ratio of parking places.
288	Dennis Ford	Naperville, NY	2017-06-22	We live in a city that has implemented controls to ensure the safety of its residents. These should be followed and not breached for sake of a few more dollars. there is not public interest served by the construction of this project.
289	Angela Baldinger	Naperville, IL	2017-06-22	Please leave current zoning for single family homes in place. It was zoned this way for a reason! We have enough traffic on Mill and cut through traffic in Royal St George.
290	John Cramer	Naperville, IL	2017-06-22	My neighbors and I are alarmed at the state of the current Avenida proposal. A number of the candidates recently running for city council seats indicated their votes on Avenida would follow the advice of the planning and zoning commission. Thus the commission is strongly urged to reject any variance to existing zoning requirements. Observance of the zoning provisions is important to the residents of Cress Creek, but also as a signal to all Naperville residents that zoning requirements are not "for sale" in order to achieve growth.
291	Pearl zhang	Naperville, IL	2017-06-22	I am signing this petition because I against Avendia not following city zoning rules.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
292	Brad Miller	Naperville, IL	2017-06-28	The planning & city council must be practicing for future careers in Springfield. Leave the green space alone and go re-develop Ogden between Washington and Naperville Road. You're shoving commercial projects into areas surrounded by parks, children, and schools. It is a disgrace.
293	Trinh Ta	Naperville, IL	2017-07-14	This new development must follow Naperville code; otherwise my property value will be negatively affected.
294	Nick Liberio	Naperville, IL	2017-07-14	I feel the building is too large for that area and not enough parking. They need to be within code.
295	Chandra Gupta	Naperville, IL	2017-07-14	I expect Naperville to maintain and enforce its high standards and quality zoning policies.
296	Don Hutton	Naperville, IL	2017-07-14	Enough is enough. The population density and traffic in Naperville is getting to the point where it is a difficult place to live.
297	Keith Kutay	Naperville, IL	2017-07-16	I live in Cress Creek & I'm concerned about the negative impact that would result from this project.
298	Theresa Sullivan	Naperville, IL	2017-07-16	Naperville has zoning rules and building codes for a reason. If the codes are out of date or are problematic, the City Council should start the process of changing them. Developers shouldn't be deciding that for them. After the Bauer Place fiasco, where the developer built more than the City Council originally approved with no penalty, I'm less inclined to trust that developers will be held to their promises to the residents and to City Council. Also, the assumption that residents won't have a car is pretty bold! It's an over 55 community and it's not like Mill and Bauer are a hub of public transportation - of course residents will have a car if they can drive (as most suburban people in their 60s and 70s do), and they'll have visitors who will visit them by car. Parking needs to be to code.
299	Kendra panek	Naperville, IL	2017-07-16	The traffic on mill in that area is already awful after soccer practices. This will only make it worse.
300	bob rak	Naperville, IL	2017-07-16	the laws/codes exist for good REASON and require compliance by all!
301	John McCarthy	Naperville, IL	2017-07-16	I live on Royal Saint George Drive by the country club. Traffic is already unbearable along with major flooding issues rampant in Cress Creek. This project should NOT be allowed. Traffic and flooding already completely intolerable and this project will only acerbate the problem Residents don't even know this is going on. The Cress Creek Homeowners Association spokesman said that Cress Creek homeowner support this project. That is interesting since he has never spoken the majority on Cress Creek Homeowners. This is a failed and terrible project for this space.
302	Kelly Fessler	Naperville, IL	2017-07-17	Why does this developer think that reducing the initial proposed units and parking is the answer to acquiring approval to building in Naperville. Why didn't they just come in initially requesting 5000 units with one parking space. They still do not meet the requirements for the zoning district. They need to meet the requirements as does everyone else and then go through the

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
303				process of approval. I am totally against the proposal when it does not meet the criteria set for the zoning. Why would the City planning commission waste their time with a non-compliant project that is asking for variances. Kick this one back to the developer to comply. I am also concerned that this, like the other "Age Restricted" buildings/developments will become. Naper Place on main street was proposed as one, it is now the rentals for college students, North Central College students. Monarch development was going to be this grand development with multiple buildings on the large campus at Ferry Rd and Route 59. The left aft
304	Rachel Schneider	Naperville, IL	2017-07-17	We have zoning laws for a reason and they shouldn't be tossed aside without a compelling reason. If you want to get Naperville off the "10 Best" lists, go ahead and overbuild and cram this town full of traffic and high-density housing.
305	Barbara Weller	Naperville, IL	2017-07-17	I live in the neighborhood and had tried to contact these folks myself but got no response.
306	Louis Kaplan	Naperville, IL	2017-07-18	Worried that destruction of remaining green space will be bad for flood control + traffic through royal Saint George. As others stated, lots of empty strip malls close by that could use infusion of a development like this.
307	Mary Beth Nagai	Naperville, IL	2017-07-18	In addition to the stated issues (density, parking, green space), this is also a safety issue. We have kids/families walking on Commons to get to Nike park. With 2 entry/exit points on Commons, I worry about pedestrian/car accidents. Regardless of whether this complex is built, the city needs to put a light at Mill and Commons for those trying to use Nike.
308	Yanwu Liu	Naperville, IL	2017-07-18	The Naperville code must be honored.
309	Steven Huo	Naperville, IL	2017-07-18	Steven Huo
310	Lynne Friedlander	Naperville, IL	2017-07-19	Too much traffic, we don't need anything more built in this area.
311	Janice Duplex	Naperville, IL	2017-07-19	Please do not allow this variance on number of units. As for the parking spaces, an agreement with Harbor Chase Nursing facility should be made to use their under-utilized spaces!
312	Kim Flaherty	Naperville, IL	2017-07-19	We don't want more traffic, more noise, more cars parked in or near our homes and besides the city must enforce the code, otherwise it's meaningless
313	Tony Askins	Naperville, IL	2017-07-19	I am a homeowner and do not approve of the builders disregard for naperville parking allowances per unit.
314	Tamara Los	Naperville, IL	2017-07-19	I am signing because complying with Naperville code is good for all of us
315	Michael Race	Naperville, IL	2017-07-19	This developer should be required to follow city building codes. The density of this development will create tremendous traffic problems.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
316	Wendy Hennessy	Naperville, IL	2017-07-19	I think this is the worst thing you can allow for Naperville. I believe it should stay zoned single family homes.
317	Rita Guill	naperville, IL	2017-07-19	I don't want this here, I live near by
318	Christine Drendel	Naperville, IL	2017-07-19	Being from Naperville for over 30 years I have seen this community grow over. The years. I've lived on the south, central and north sides of town. I believe there is no other area with more high density living than on the North side where this project is being proposed. Please do not allow this company to build this project in our area. I believe it would negatively effect our community in many different levels.
319	Joe Fuentes	Naperville, IL	2017-07-19	I oppose the builder's latest proposal.
320	Cindy McCullagh	Naperville, IL	2017-07-19	This is not the type of development intended for this site. NO REZONING. We do not need the additional traffic this would generate or to exacerbate the problems we already have with flooding. NO LARGE PARKING LOTS that would increase runoff and flood those of use who are already here.
321	David Lesle	Naperville, IL	2017-07-19	The rezoning request should NOT be granted. This area has already lost too much open space - increasing flooding and wildlife intrusion. The proposal for parking is unreasonable. In my experience, other similar facilities in the region are regularly having parking issues. In this project, lack of on-site parking would naturally result in on-street parking in existing residential areas. I am skeptical of the proposed plans initially unused space being used for parking expansion. I have seen other similar housing facilities expand residential units at the expense of parking. Once such a development is approved, there is little penalty for on-street parking and no leverage to enforce the promise of expanding parking. Regardless any increase in on-street parking, the additional traffic would further degrade the safety of our streets which as mentioned by other commentors is already putting people and pets at risk.
322	Corda Murphy	Naperville, IL	2017-07-19	Naperville codes should be followed.
323	julie chesnut	Naperville, IL	2017-07-19	NO MORE TRAFFIC IN CRESS CREEK!!!!
324	Christopher Bodish	Naperville, IL	2017-07-19	We need to keep this parcel as green space for future generations to enjoy...
325	Chris Frantzen	Naperville, IL	2017-07-19	Leave the trees. No more urban sprawl!
326	Kevin Kearns	Shabbona, IL	2017-07-20	I am sick of all the apartment complexes being built in naperville.
327	Paul Cozzi	Naperville, IL	2017-07-20	Developer should follow our Codes.
328	Sharon Keating	Oswego, IL	2017-07-21	My sister lives in Naperville and im close
329	Michael uram	Naperville, IL	2017-07-21	I agree - Naperville's current code should be enforced for this project.

	<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
330	Brenda Prendergast	Naperville, IL	2017-07-22	Already to congested!!!! Very busy street/area!
331	Barbara Weller	Naperville, IL	2017-07-22	Why don't we just erase and throw out the city code???? It seems to get in the way of soooo many poor souls trying to get in on the cash prospects in Naperville.....huh, come on, give the lads a chance. How will they get their big shiny cars if they don't come and ravage our neighborhood, huh???? I just don't thing cutting the plan by 30% would get them as big a car as they reeeeeaaally need. Right?
332	Nick Liberio	Naperville, IL	2017-08-04	First. they need to follow Naperville code and secondly, I am against the project as it will take away more green space and add more congestion to an already congested area.
333	Stephen Greenup	Volo, IL	2017-08-19	Follow the zoning rules. No exceptions.
