***COMMENT***

Matthew Carlyle

I am vehemently opposed to canceling Quarterly Resident Commuter Parking Permits and/ or again doubling Commuter Parking Fees. I do not own a Smart Phone and am not able to "reserve" and/ or pay for Daily Fee Parking using such a device. My Government Employee Salary has never doubled. The Burlington Fund always has excess funds. The Pace Feeder buses no longer operate and, when they did, did not service the first AM inbound METRA/ BNSF train to Chicago. Due to multiple recent shooting crimes/ murder in the City, I do not feel safe walking to the Fourth Avenue Station in hours of darkness.
