Hi Erin,

I attended the meeting last night and was happy with what I heard. As you know, Mr. Kelly voiced his concerns about the utility poles on Wehrli and 77th St, south side of the street. These poles were for the unincorporated properties. The wires on the poles are Comcast and ComEd. All our utilities are buried!

In the past 2 years there have been 2 fires as a result of the ComEd lines. One fire was the top of the pole on Wehrli at Meadow Glens park and the second fire involved a tree in the 1600 block of 77th St. ComEd has need to trim (hack) our trees that our on our front lawns that may interfere with the lines.

These poles have also not allowed the residents on 77th St to plant trees in our parkway area.

We hope that the city can request to remove the lines and poles. We will have a party when it happens and I will be first in line to buy a tree!
