Our schools are already over crowded. We already have children from within the Brookdale neighborhood with the ability to walk to Brookdale School bused to another school. CGW developers will market the residences as "going to District 204 schools." Therefore, they are expecting... [Read more](#)

Kids should be able to walk to school if at all possible. Busing due to corporate greed is not okay.

Our schools are already overcrowded...don't make matters worse with another unneeded development.

Schools are overcrowded already!

We saw in 2018-2019 that the estimates developers and the city are using to project potential new students are incorrect and underestimate the number of new students by 2-3x. Our schools are already overcrowded and putting in additional high-density housing will only serve to force... [Read more](#)

Past developments have pros far more students than initially predicted. Stop making the same decisions based on erroneous assumptions. Our schools are already overcrowded with 30+ children in my son's class. I am against the project as it is described and planned.

Our schools are overcrowded and district 204 cannot handle any more high density housing.

I'm signing this petition because we were too directly impacted by a District 204 boundary adjustment in the 2018-2019 school year. My son had to be bused two miles to another school when we could have been walking to the neighborhood school.

My kids' school is already over-crowded and under funded. The district cannot handle more students in Nortj Naperville without opening a new school. The only way this is acceptable is if you find money to build and sustainably staff a new school.

We know in its current configuration this will generate additional students and overcrowd our schools.

The CityGate West project in it's current configuration including 410 residences: 82 studio/convertible apartments, 224 one-bedroom apartments, and 104 two-bedroom apartments will generate additional students whose closest schools will be Brookdale Elementary, Hill Middle School, and... I'm signing this petition because we were directly impacted by a District 204 boundary adjustment in the 2018-2019 school year. When we could have been walking to my neighborhood school, my daughter had to be bused two miles down Odgen Avenue to attend school. The three schools this... [Read more](#)
