

Dear Naperville City Committee,

I am writing to appeal to you with a heavy heart about the zoning issues that have delayed the opening of my med spa. I have invested a significant amount of time, effort, and resources into building my dream of providing top-quality skincare and wellness services to the people of Naperville. However, the delays in obtaining the necessary permits and approvals have been a major setback for me and my team.

I understand that the zoning laws are in place to ensure the safety and well-being of the community, and I fully respect that. However, I strongly believe that my med spa will not only be a safe and beneficial addition to the city, but it will also bring much-needed employment opportunities to the area.

As a passionate skincare and wellness enthusiast, I have made it my mission to provide my clients with the highest level of service possible. My med spa will offer a range of services, including facials, massages, laser treatments, and more, all in a luxurious and relaxing environment, we also cater to all of the skin treatment retail products 25-35% retail sales serves a huge part of our business providing customers best quality skin products. I believe that by opening my med spa, I will be able to help people in the community feel more confident and happier in their own skin, which will have a positive impact on their overall well-being.

I have already invested a significant amount of time and money into this project, and the delays in obtaining the necessary permits have caused me a great deal of stress and financial strain. I am appealing to you to please consider my application for a zoning permit and allow me to move forward with my dream of opening a med spa in Naperville.

I am confident that my med spa will be a valuable asset to the community, and I am committed to adhering to all zoning laws and regulations to ensure the safety and well-being of my clients and the community.

Thank you for your time and consideration.

Sincerely,

Saad Zuberi

Owner
