Dear President Peralta,

Thank you for the generous invitation to attend Cancun World Fest celebrating 2024 and the Year of the Family. Unfortunately, representatives of the City are unable to attend this year.

Please know that our Sister Cities Commission is looking forward to strengthening our relationship with Cancun to promote cultural exchange and mutual understanding consistent with the Cancun World Fest themes. In the spirit of forming a dialog for future interactions, please provide contact information for your Sister Cities organization to start this planning process.

Naperville wishes you a successful celebration and we look forward to a renewed partnership as Sister Cities.

Sincerely,
