

Human Rights and Fair Housing Commission

2024 Annual Report

2024 Accomplishments

In 2024, the Human Rights and Fair Housing Commission received and reviewed complaints of discrimination alleging violations of Title 12 of the Naperville Municipal Code. After investigations were completed pursuant to the Commission's direction, final determinations were rendered. The Commission also received an update on the status of the Impediments to Fair Housing Study. Some members of the Commission attended various events co-hosted by the City in partnership with entities such as the Public Library to support the city's mission of "creating an inclusive community that values diversity." The Commission also expressed well wishes to two Commissioners who completed their service as well as four students who served during the 2023-2024 school year.

2024 Challenges

While the Commission did not experience challenges with its duties, the Commissioners proactively requested and underwent updated training on Title 12 of the Naperville Municipal Code. Taking these proactive measures assisted the Commission in deciding matters consistent with the provisions of the Municipal Code.

2025 Upcoming Work

In 2025, the Commission will open its first meeting by welcoming two newly appointed Commissioners. The Commission will also welcome two student representatives who have been appointed since its last meeting. The students will serve until the close of the 2024-25 school year. The Commission will continue its work of receiving, investigating, and processing complaints alleging violations of Title 12 of the Naperville Municipal Code.
