Re: ICN Petition: PZC 20-1-052.

Dear Ms. Lord:

It is my understanding that Len Monson has submitted revised plans to the City which are currently under review. It is also my understanding that once it is determined that they will be able to be presented at the 8/4/21 meeting Len will forward them to me. Len has been kind enough to explain to me the nature of the changes but, of course my clients and experts will need to review them closely upon receipt. Assuming that Len presents the revisions at 8/4/21 PCZ meeting, my clients will need time to thoughtfully and carefully review them.

Accordingly, we ask that in the event the Plan Commission hears from all of the (other) speakers who sign up for the public hearing on 8/4/21, that it not close the public hearing but rather give my clients until 8/18/21 to review the revised plans, present our expert witness, and conduct cross examination as necessary. Given this request, we will not be signing up any of experts to speak on the 4th.

Once again, we appreciate all the time and many hours the PCZ has given to this matter but given the new information that will be forthcoming, request that public hearing not be closed on 8/4/21 so that my clients can have a fair opportunity to review the new plans, consult with their experts and respond accordingly on 8/18/21.

Please let me know if you have any questions. Thanks.
