<u>Name</u>	<u>Comment</u>
Chris Rey	Support
Richa Ohja	I oppose this construction due to the size of the project.
Deepti Rao	I oppose this project due to the size of the project
Reshma	I support the ICN project
Brent Feehan	Opposition
Erin Cooley	I support and celebrate the Islamic Center of Naperville and their project. As a diverse, affirming, and curious community, we should all lend our support to diverse and peaceful groups
Sohail Jameel	I fully support the ICN project
Leonard Bersky	Since I have not been following the expansion plans for 248th street, will the expansion be completed prior to the proposed construction of the Center?
Srikanth Rao	As a resident of south Naperville, I OPPOSE the proposed development on 248th avenue.
Timothy C Higgins	As a member of Hope United Church of Christ, I stand in support of the Islamic Center of Naperville and their desire to build on 248th Street. As their worship family grows, it is time for them to develop and occupy the land that they purchased from our church many years ago. As a community of caring and welcoming people, we should all be open to having this faith community on the south side of Naperville.
Marie Higgins	I am in support of the Islamic Center of Naperville's proposal to build on their 248th St. property. The ICN faith community is a vibrant portion of our city. Our support of their growth is growth for the entire Naperville community.
Susan Afeltra	Naperville is a diverse community and I support the construction of the Islamic Center at the proposed location to meet the needs of our Muslim neighbors. I have attended community outreach programs at the Islamic Center over the years and have found them to be educational and enriching. I look forward to doing the same if the center is built at the South Naperville location.

Rajesh dharma	<p>I am wondering why a Saudi influenced mosque is being allowed to be built. I have no problem with Islam I grew up in a multi religious area of India and oppose the current BJP fascist regime.</p> <p>However it should be noted why a sufi inclined or traditional view of Islam isn't being taught, instead one with graduates of Madinah University influenced by the Saudi government. My proof of this is to ask the leaders why in their library they have books of the leader of the Saudi's view of Islam- muhammad Ibn abdul wahab and his book Kitab Ut Taheed and not universally accepted scholars like Imam Ghazali and his works. Thank you ICN and city of Naperville</p>
Zahid khan	I strongly support this masjid and all of them
Mohamed Elbouhmidi	I support ICN project, please approve it
Sundeeep Maini	<p>I am very concerned about the current deterioration in traffic conditions in my immediate neighborhood (corridor between 111th to 95th street and 248th av and rt 59). All the new construction (housing and churches and now a planned Masjid) is adding to an already strained traffic situation. Over the years it has become difficult to cross many streets as a pedestrian to avail of the sidewalks and trails or to come out of the neighborhoods to merge onto main streets. It already was taking about 45 minutes to get to the train station during rush hour from our subdivision and even longer to get to I-88 or I-55 during the morning rush hour. Any new project needs to come after there is a commiserate improvement in traffic and road conditions. I am opposed to this project as I do not see how it will not affect the traffic and safety of existing neighborhoods.</p>
Stella kotsiras	No comment
Patricia Hanafi	<p>The mosque will be beneficial for the community. Just like a church it will be providing a safe place for families to get together. Just like a church it will provide activities for youth to engage in. Just like any other place of worship it will be of benefit to a community like Naperville.</p>
