RE: Sign Permit Application
July 23, 2019

J. McLaughlin is proposing to install a projecting blade sign. The sign will be 8" x 20", double sided, Alupalite in Pantone Match 7491 C to match the Ginkgo awning. The Alupalite material was suggested to resist warping and rusting in the Chicago weather. The logo will be in a white flat vinyl adhered to the Alupalite. It will be hanging from a black iron, round, straight arm bracket with rings and it will be installed to the left of our front door in the oval inset. The bottom of the blade sign will be above the minimum 8ft clearance and level with our neighbor's blade sign to the right of our awning. The sign will be similar to those of our neighbors Paper Source, Sunglass Hut, and J&M Hair Studio and, like theirs, it will promote business in downtown Naperville.
