B. REPORTS AND RECOMMENDATIONS:

3. 19-1121

Approve a recommendation to establish a 35 MPH speed limit for 91st Street between Normantown Road and Schoger Drive

Hynes provides an overview and background on 91st Street between Normantown Road and Schoger Drive. Hynes explained that when the city annexed this segment of road from the township it was 35 MPH. This summer the City reconstructed the road bringing it up to city standards. After completion of the project the city received a speeding concern and found out that the speed limit had never been established so enforcement was not possible.

Gustin asks for clarification on what the recommendation is.

Ayes: Fischer, Gustin, Howenstine, Melaniphy, Overholt, Preissig
