Re: Planning Zoning Case Number PZC 24-1-124 – 1301 Clyde Drive

Dear Mr. Iwicki,

On behalf of T-Mobile, we are respectfully requesting a continuance of the current Planning Commission hearing scheduled for February 5th, 2025 to the March 19th, 2025 hearing date. This extension will provide us with sufficient time to obtain the requested tower structural report from Sabre Industries.

We anticipate receiving the report by February 24th and will ensure it is promptly shared with you and your team upon receipt.

Please do not hesitate to reach out if you have any questions or require additional information.

Sincerely,

Ray Shinkle
