RE: Naperville 2023 Sidewalk Program

Dec 7, 2023

Schroeder & Schroeder had a few sprinklers repairs that came up late in the season. We had a sprinkler repair company on board that had completed several sprinkler repairs, but a few homeowner's systems had already been shut off. We will have the repair company return as soon as the weather permits in spring of 2024 to complete the remaining repairs.

Therefore S&S is requesting the final completion date to be extended to May 31, 2024.

Respectfully,
