**Re: 110 South Washington Street—Old Nicholas Library**

Dear Allison:

Please be advised that we have recently been retained to represent Great Central Properties III, LLC, the owner of 110 South Washington Street. It is my understanding that the landmark application for the property is scheduled to come before the City Council on September 19, 2017. I respectfully request that the City Council's consideration of the application be tabled until the November 7<sup>th</sup> City Council meeting. This time will allow my client to evaluate its options and consider recent proposals for the building that have been informally discussed.

I ask that you please confirm the City's agreement to my reasonable request. I look forward to working with the City and staff on this process and welcome the opportunity to discuss any questions you may have.

Sincerely yours,

RATHJE & WOODWARD, LLC

Kevin M. Carrara
