New Sidewalk Construction - Property Owner Survey Results

NAME:

As outlined in the August 23 letter, the City has identified your block as a candidate for new sidewalk installation through the annual New Sidewalk Program. Surveys were distributed to all property owners adjacent to a gap segment to determine the level of support for new sidewalk installation.

The supermajority (two-thirds) of responses received for your block were not opposed to the installation of new sidewalk, therefore this gap segment is still a candidate for near-term construction.

The Transportation Advisory Board (TAB) will be reviewing all proposed new sidewalk segments on Thursday, October 3, 2019 at 7:00pm in the City Council Chambers at 400 S. Eagle Street. You are invited to attend this meeting to provide additional property owner input on the sidewalk gap under consideration. If you cannot attend the meeting, feedback can be sent to DunneK@naperville.il.us or (630) 420-6094.

Locations with the most property owner support will receive priority in the construction timeline. Final location selection is dependent on TAB and City Council approval. Final approved locations will be installed in the summer/fall of either 2020, 2021, or 2022.

Sincerely,

Kelly Dunne, P.E.
