

Naperville Environment & Sustainability Task Force

City Council Update

May 21, 2019

<https://www.facebook.com/NaperSustain/>

Agenda

- ▶ Mission - what we're going to do
- ▶ Organization - how we're going to do it
- ▶ Timeline - when we're going to do it
- ▶ Coming soon...

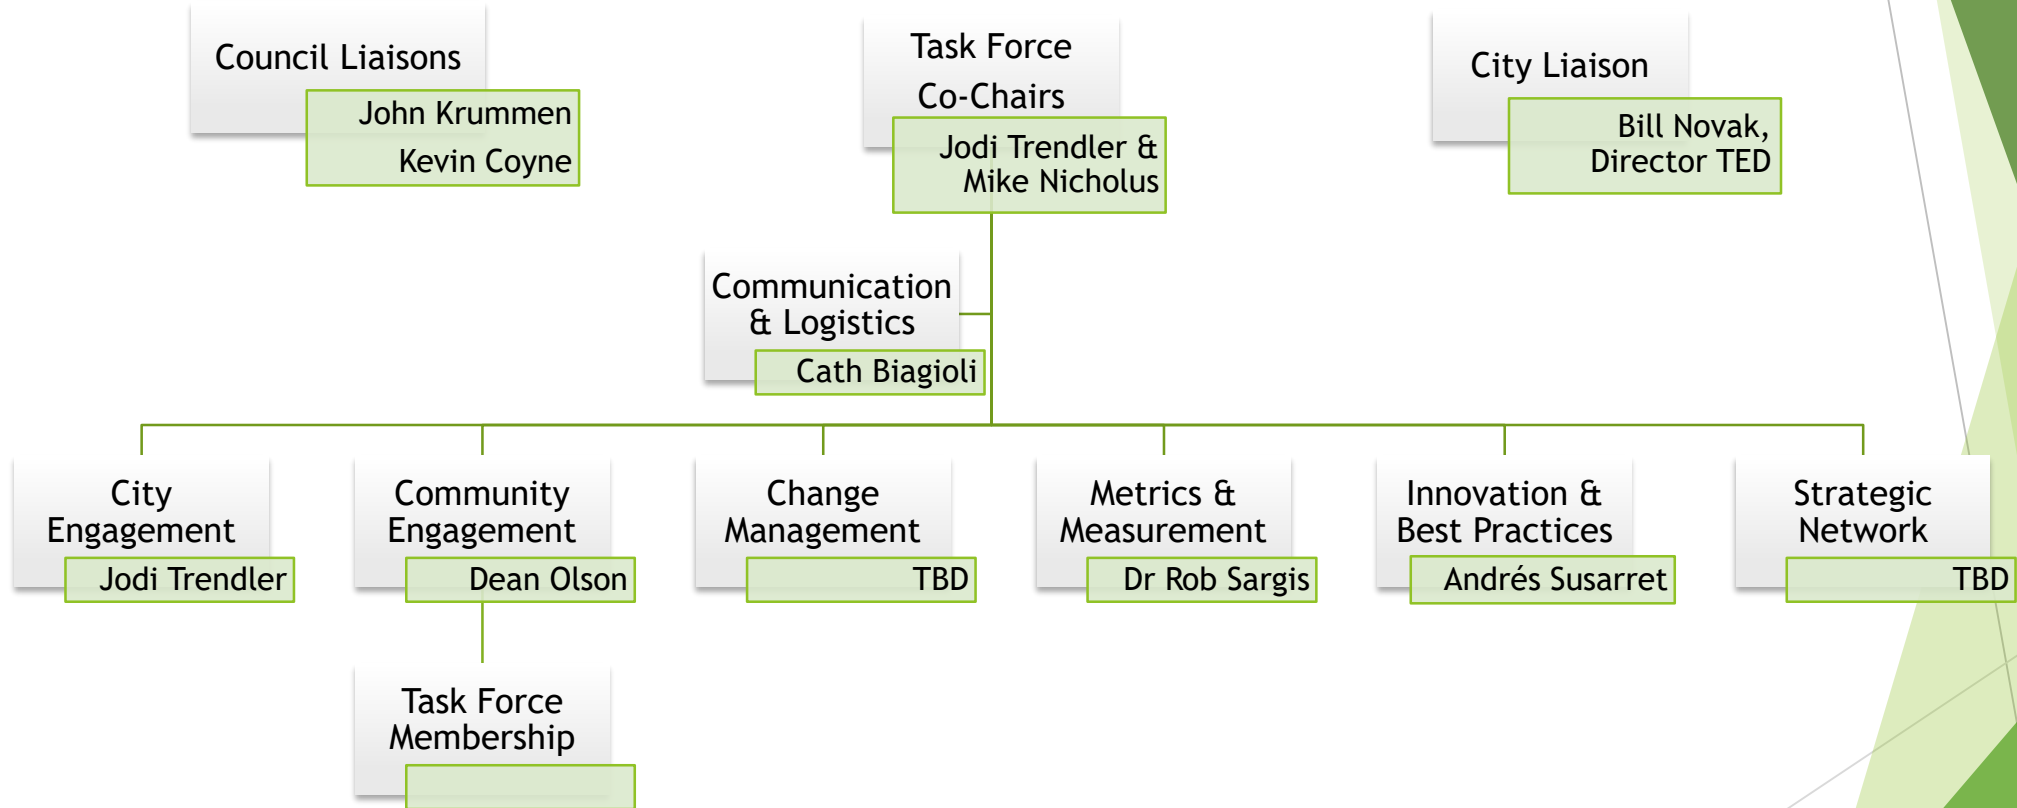

Mission

The Naperville Environment & Sustainability Task Force was established to assist, inform and advise administrative and elected officials of the City in identifying and prioritizing sustainability initiatives for the City in order to ensure a high standard of livability, achieve sustainable management of natural resources, and maintain economic prosperity for the community.

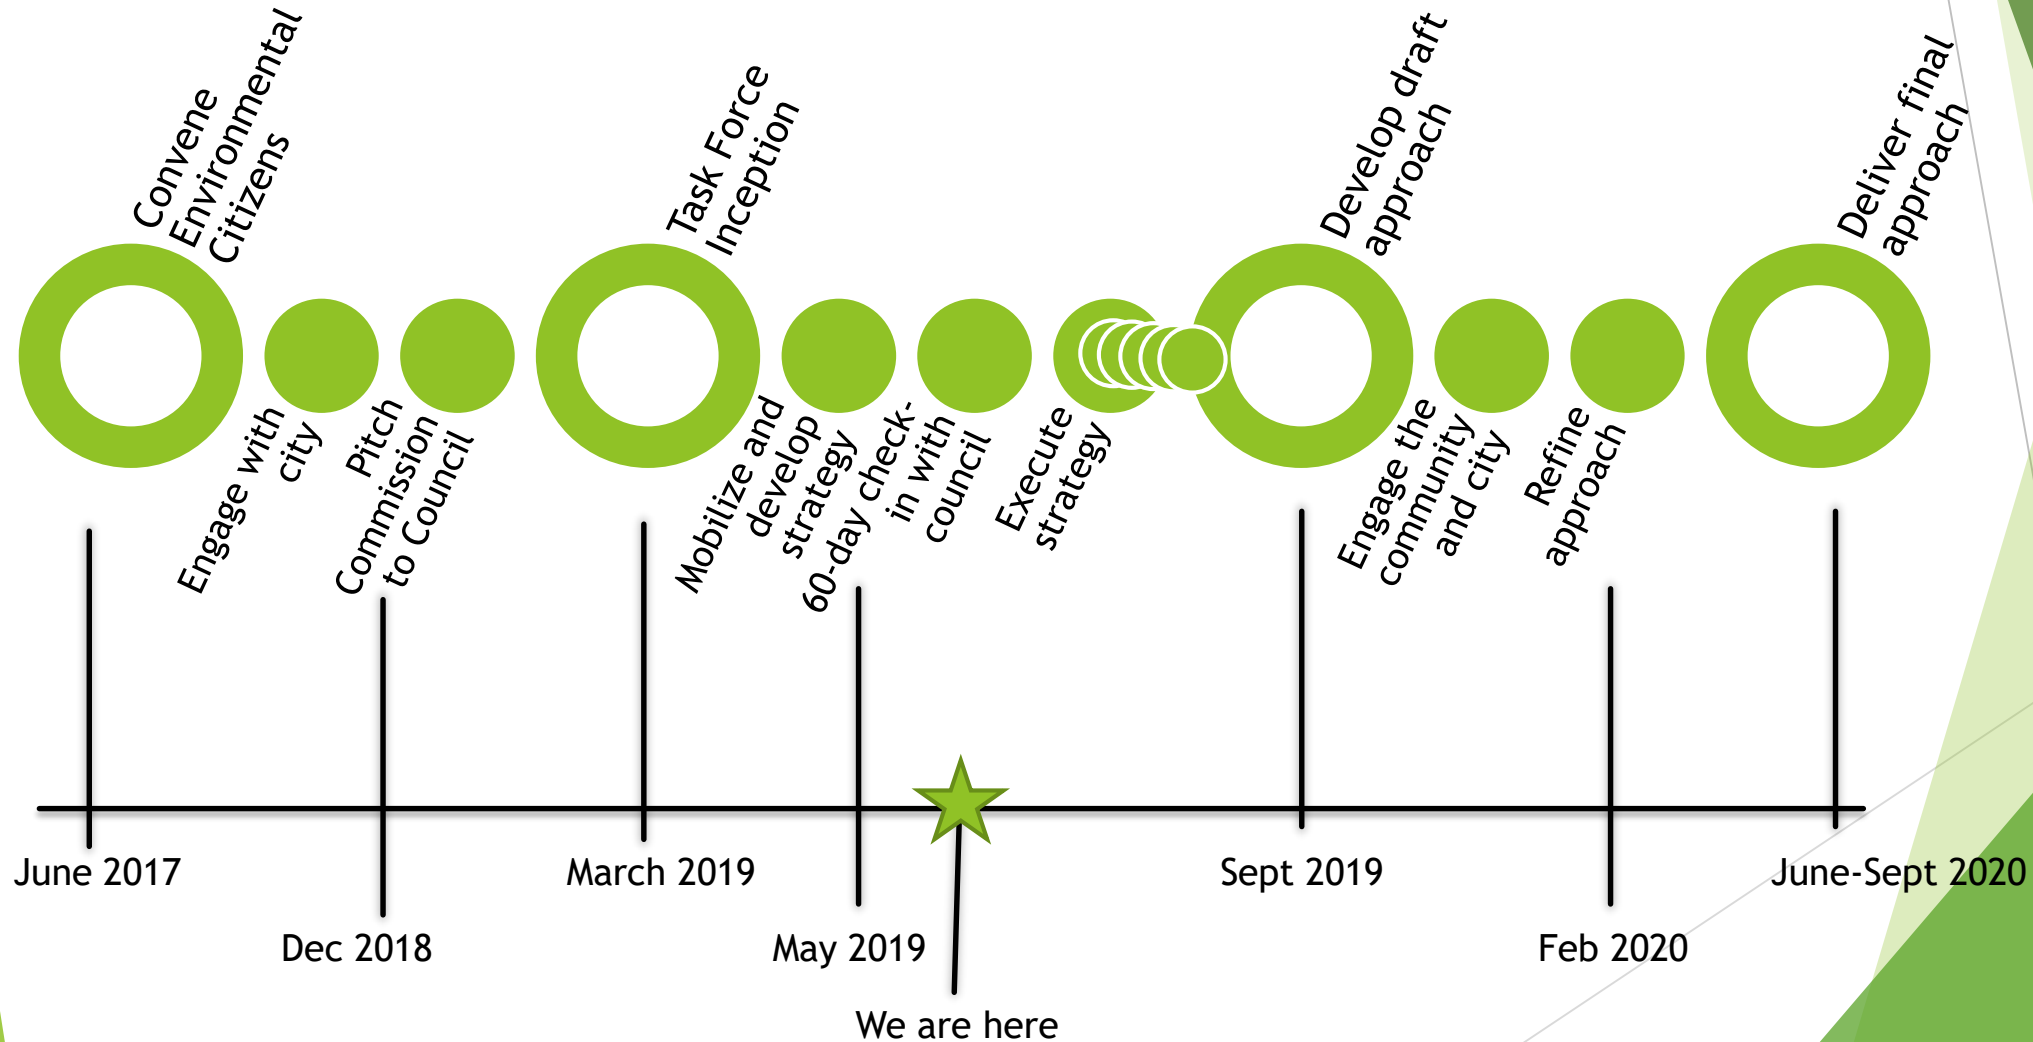

<https://www.facebook.com/NaperSustain/>

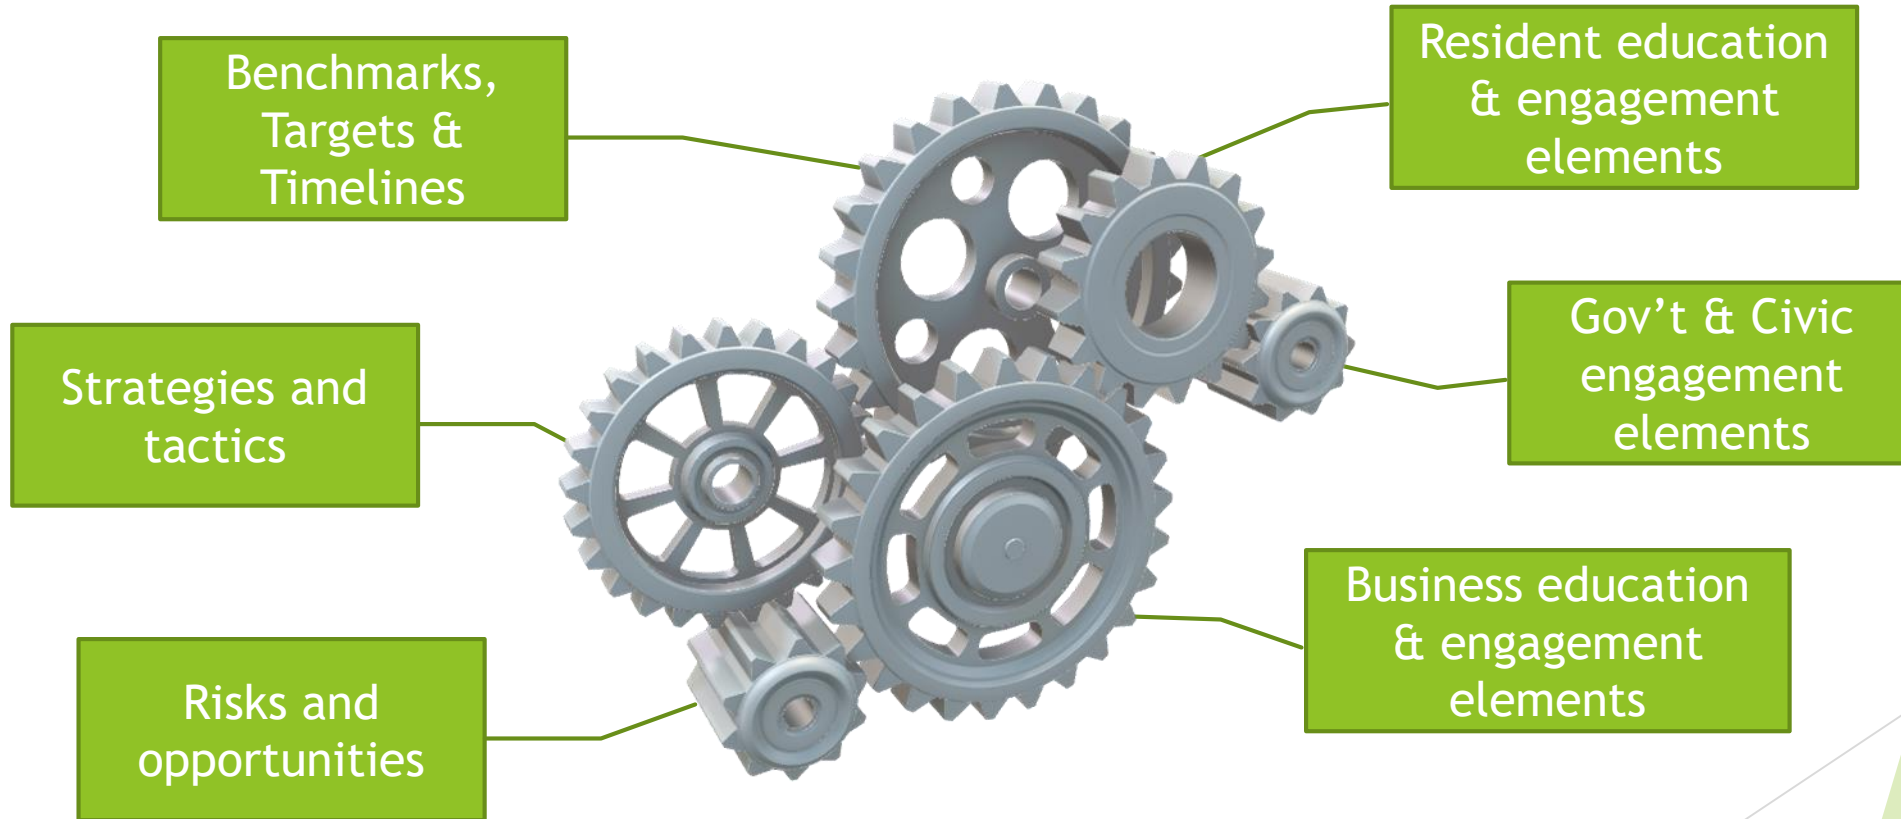

We have organized our efforts to engage the city & community and external innovation & expertise

Over the next year+ we will develop and refine - with community input - an approach for the City to adopt and execute

Key elements of the approach recommendations will include...

As our primary Task Force efforts move forward, we will support emergent short-term efforts as needed...

- ▶ 5th Avenue support - recommendations to developer
- ▶ Renewable Energy Fund - use-case options
- ▶ Neighborhood transformers - refit approach

Questions / Discussion
