BID TABULATION

The following bid was received:

<i>Meade Electric</i>	<i>\$179,799.58</i>
-----------------------	---------------------

Two other possible bidders attended the mandatory pre-bid meeting, but did not submit bids. Staff inquired of the other bidders to understand why they decided not to bid; one of the bidders commented that they could not be competitive on the controllers and therefore chose not to submit a bid. The other bidder did not respond to staff's inquiry.

Meade has consistently exceeded the performance requirements of the contracts, allowing the City to provide a high level of customer service. The term of this contract is May 1, 2016 thru April 30, 2017 with four possible one year extensions.

DISCUSSION:

The contractor performed well during the original term. Meade, Inc. originally requested a 3.8% increase for the option year citing increased operating expenses. However, through staff negotiations, Meade has agree to a 2% increase for the extension. The term for the first option year will be April 1, 2017 through March 31, 2018, with two option years remaining. This contract extends into FY18; funds will be budgeted accordingly.
