To whom this matter, coming before the HPC and public, is of concern:

Regarding the COA Request for Demolition of 223 N Center Street, this objection is respectfully presented as such demolition or transformation, would deplete the historical integrity, and architectural aesthetic of the property, block and area that's widely expected, respected and appreciated by fans of the the Naper Settlement and Historical District of Naperville.

This objection to the COA for demolition, and or transformation of the property front facade is the public's only defense, and is hereby respectfully presented here, in the hopes of continued, persistent denial of such demolition to this and other rare, vintage properties within the historical district of Naperville.

Sincerely.
