RE: Hoyer Residence Back Porch

To Whom it May Concern,

I'm writing this letter in cohesion with the Hoyer family regarding their back porch. As a newer resident of Naperville, what attracted us most to this community was the aesthetics and functionality of the newer homes in the area. The Hoyer's introduced us to the community while we still lived in the city of Chicago and invited us to their home on multiple occasions to get a taste of 'suburban life'. I've enjoyed many beautiful evenings relaxing in their back patio, which has been exquisitely and tastefully done. Everything about the inside and outside of their home is absolutely stunning. They have maintained and improved the integrity of their home immensely over the past few years, and to be honest, I don't know anyone else who invest so much of their time into home improvements; it's really refreshing!

It makes us proud to live in a community where our neighbors invest their hard-earned money on up-keeping and improving their homes. We have known the Hoyer family for over a decade and never have they run into issues regarding coherence; they are honest and caring people who want to add value to their home and community.

I kindly ask for consideration on behalf of the Hoyer family, and all families who occupy the Naperville community. Home improvements set quality standards for our community which will only raise property values for everyone. The back porch in question has already served a greater purpose enriching and entertaining friends, family and children alike.

Warm Regards,

Samar Istanbouli

Subject: Rear Patio at 1322 N Eagle Street Residence

To Whom It May Concern,

My wife I are neighbors to the residence located at 1322 N Eagle Street (PIN 08-12-406-003), which has petitioned for a variance related to Yard Requirements/Permitted Obstructions for their enclosed porch. We support the proposed variance under consideration by the City of Naperville, and recommend its approval.

Sincerely,
