Basim Esmail (Naperville) spoke against the proposed Business District.

Council discussed public input, outstanding questions regarding revenue generation, enforcement mechanisms, size of the proposed district, and construction timeline. Council continued by stating the Heinen arrangement is "pay as you go," that SSA's are taxing mechanisms for a specific location investment, and that the public hearing is the second of several review/approval steps.

Novack clarified that the northern portion of the property has always been included in the proposed business district.

Council discussed the business district tax, when the tax will be imposed and when the City will begin collecting the tax, when the developer will be paid, the appropriateness of having a public hearing prior to answering the outstanding questions, D204 support, determining what is the average savings per D204 taxpayer, whether or not the area is blighted, and the differences between the Brixmor and Heinen proposals.

Krieger explained that a letter will be submitted to the IL Dept Revenue upon approval, the earliest revenue will be collected is July 2023, and that the City will not pay Brixmor if construction does not start or if appropriate reimbursement requests are not submitted.

POSITION STATEMENT

Marilyn L Schweitzer (Naperville) - OPPOSE

WRITTEN COMMENT ONLY

Adrian Talley (Naperville) - Indian Prairie School District - December 16, 2022
Dear Naperville City Council Members, On behalf of Indian Prairie School District 204, I send this letter to you reflecting the district's unequivocal support for the Block 59 Redevelopment project that you are currently considering. This project will enhance District 204 from a financial standpoint and support our academic program. It is our belief that the project will enhance the tax base for our school district; therefore, creating more revenue that will support the children of our school district. This project supports our desire to have more businesses in the catchment area of the school district because it will bring added revenue that this district needs as a Tier 2 school district. Unlike District 203, which is a Tier 4 district and is funded at 120% of its need, IPSD 204 is a Tier 2 district that is funded at only 84% of its needs through its tax revenue. The more businesses we can bring to our district the greater our chance to reduce the funding disparity that is current across our districts. Additional funding will enable us to have class sizes more aligned with District 203 and staffing to enhance the educational experience for our students. This projects also has the potential of enhancing the academic programs for our students. Specifically, students in our STEPS program currently seek employment within

the community. Increasing businesses creates opportunities for our STEPS children to find gainful employment that supports their transition from being in the public schools to living on their own. Additionally, this project has the potential of expanding our partnerships with businesses in helping students connect with the world of work. Expanding opportunities for CTE (Career Technical Education) helps all students connect with areas of future career interest that may keep the students in the area after they graduate from our schools. For these reasons and more, I respectfully ask that you vote "Yes" on the project. I, unreservedly, support the project and feel it will enhance the City of Naperville. Sincerely, Adrian B. Talley, Ed.D. Superintendent

K. OLD BUSINESS:**L. ORDINANCES AND RESOLUTIONS:****2. [Waive the first reading and pass the ordinance amending Chapter 11 \(Historic Preservation\) of Title 6 \(Zoning Ordinance\) regarding the Designation of Landmarks and owner consent - PZC 22-1-113](#)**

A motion was made by Councilman White, seconded by Councilman Hinterlong, to waive the first reading and pass the ordinance amending Chapter 11 (Historic Preservation) of Title 6 (Zoning Ordinance) regarding the Designation of Landmarks and owner consent - PZC 22-1-113

Bill Simon (Naperville Preservation Inc.) spoke in favor of the proposed ordinance.

Tim Messer (Naperville) spoke in favor of the proposed ordinance.

Council stated that the end result is a good compromise, there are incentives that the City can incorporate, discussed the appropriateness of moving forward without consent of homeowner, having a majority or super majority vote required, and that nothing can occur while the application is in the process.

Laff recapped that Council requested a process to permit them to consider whether an individual landmark application should be allowed to be submitted without owner consent. She reviewed processes with and without owner consent, the timeline of submitting a Notice of Intent application, receiving Council approval, and full application. She said the ordinance was drafted with property owner protection in mind and that the one meeting/month in July/August is driving the timeline.

Council discussed revisions including a stipulation that landmark applications be made in good faith so as to avoid the use of the ordinance provisions to block future legitimate applications and amending timeframes regarding applicant notification to City Council, raising the Request to Submit a Landmark Application without Owner Consent under New Business, and City Council approval of a Request to Submit a Landmark Application without Owner Consent.

Laff explained four scenarios of considering the application denied/not submitted, the freeze on property alterations starts, and that email is an acceptable method of communication. She also discussed the public input process, that staff did not want a hearing before Council, and that the public can still weigh in.

WRITTEN COMMENT ONLY

Kendra Parzen (Chicago) Landmarks Illinois - Dear Naperville City Councilmembers, Landmarks Illinois understands that the City Council will consider amendments to the Naperville Historic Preservation Ordinance at the December 20 Meeting. We urge your support of these text amendments as prepared by staff and approved by the Historic Preservation Commission on December 1 and the Planning and Zoning Commission on December 7. The amendments will address important questions of owner consent in the local landmark designation process. Founded in 1971, Landmarks Illinois is the state's leading voice for historic preservation. We promote preservation, restoration and adaptive reuse of buildings and sites of many types to leverage our past to create a better future. Our perspective is that it is appropriate from time to time for local historic preservation ordinances to be updated to address residents' concerns and to adopt new best practices. As we understand it, the following key changes to Naperville's ordinance are now proposed: • Applicants are required to notify the owner of intent to submit a landmark nomination so that owners have the opportunity to consent or refuse. A lack of response shall be construed as refusal. • Applications to which the owner consents will follow existing submission and approval processes for landmark designation. • Applications to which the owner refuses consent may still be submitted with the support and approval of City Council by following the new process outlined in the amended ordinance. • Such applications that City Council approves for submission without owner consent will be heard by the HPC at a public hearing,

with final review by City Council. While some may feel that these changes do not go far enough to prevent the landmark designation of a property without owner consent, the additional requirements proposed make designation without owner consent unlikely and should address the concerns of property owners. At the same time, they provide a path to landmark designation for significant properties in cases where landmark protection provides particular public benefit to the Naperville community, and allows the City Council to be the ultimate decision-maker for properties that it deems vitally important to Naperville's history and future development. We commend staff for their thoughtful preparation of the proposed amendments and appeal to the Commission to support these changes, which will balance the needs of property owners with the preservation of shared, local architectural heritage. Sincerely, Kendra Parzen Advocacy Manager

Marilyn Schweitzer - I support the changes to the ordinance, though as noted in my email to the HPC and PZC, I felt the wording could have been improved regarding the City Council's consideration towards a Request to Submit a Landmark Application without Owner Consent. The changes to the ordinance though are only one step towards improving Naperville's approach towards Historic Preservation. Much must still be done to adequately assess our historic properties and to promote their preservation. New surveys are definitely warranted. I appreciate the 1st steps staff has taken on the city's website and the recent involvement of the NACC and NDP. I commend Naperville Preservation Inc for their efforts and look forward to all parties working together in the future.

Letter emailed is attached to meeting documents on
<https://naperville.legistar.com/Calendar.aspx>.

A motion in substitution was made by Councilman Leong, seconded by Councilman Hinterlong, to conduct the first reading and have staff recommend changes to shorten the application timeline at the next meeting. The motion carried by the following vote:

Aye: 9 - Chirico, Bruzan Taylor, Hinterlong, Holzhauer, Kelly, Leong, Sullivan, White, and Anderson

3. [Receive the staff report for the Heinen Business District located at 1256 through 1290 East Chicago Avenue \(Item 1 of 3\)](#)

Council discussed appropriateness of the City being involved in a private property matter, stated that each business district proposal should be evaluated individually, that the intent is not to increase the tax rate by adding multiple business districts, whether or not the area is blighted, and that, in this case, the petitioner met a high burden.

POSITION STATEMENT

Marilyn L Schweitzer (Naperville) - SUPPORT

A motion was made by Councilman White, seconded by Councilman Hinterlong, to receive the staff report for the Heinen Business District located at 1256 through

1290 East Chicago Avenue. The motion carried by the following vote:

M. AWARD OF BIDS AND OTHER ITEMS OF EXPENDITURE:

N. PETITIONS AND COMMUNICATIONS:

O. REPORTS AND RECOMMENDATIONS:

1. [Receive an update on the City's diversity, equity and inclusion initiatives](#)

Williams gave the presentation.

Council discussed getting employee feedback and bringing back the Suggestion Box, measuring demographics, incorporating sustainability and DEI initiatives, that the numbers presented look accurate, hiring processes, former application

fee for the Police Department, who participated in developing the employee survey, the importance of trust, having more regular DEI presentations, the RFP process, and the goal to diversify businesses in Naperville.

Williams clarified posting to hiring timelines, that the employee survey was compiled from surveys of other organizations and a City cross departmental team reviewed the document, and DEI presentations are scheduled for June and December 2023.

Mayer explained how RFPs are published, that RFP information demographics are tracked, and stated that demographic reporting is not required.

A motion was made by Councilman White, seconded by Councilman Hinterlong, to receive the update on the City's diversity, equity and inclusion initiatives. The motion carried by a voice vote.

2. [Approve the proposed CY2023 Social Services Grant funding allocations](#)

A motion was made by Councilman White, seconded by Councilman Hinterlong, to approve the proposed CY2023 Social Services Grant funding allocations

A motion in substitution was made by Councilwoman Sullivan, seconded by Councilman Leong, to table the proposed CY2023 Social Services Grant funding allocations and have Council reallocate funding based on the alternate methodology discussed.

Council discussed that not all councilmembers allocated the full \$100,000, that the allocation methodology changed from CY2022 and was not communicated, that councilmembers would have allocated differently had they known about the change, the appropriateness of sending the allocations back to Council to resubmit, the strategy to allocate the \$10,000 balance only, and the need to include former Councilwoman Gustin's recommendations.

Gallahue clarified that staff provided a table in the Q/A showing the difference between CY2023 allocations based on both the new allocation methodology and what was used for CY2022 allocations. She also said that instead of a \$10,000 balance, a balance of \$3,000 remains by using the CY2022 method.

An amendment to the motion in substitution was made by Councilwoman Sullivan, seconded by Councilman Leong, to approve the proposed CY2023 Social Services Grant funding allocations using CY2022 methodology as shown in the Q/A and award the balance on a pro rata basis. The motion carried by the following vote:

Aye: 9 - Chirico, Bruzan Taylor, Hinterlong, Holzhauer, Kelly, Leong, Sullivan, White, and Anderson

P. NEW BUSINESS:

Predicted snow storm

LaCloche updated the Council on communications plans, discussed what residents can do to prepare, and what can be expected from City crews.

Staff recognition

Chirico said that the work staff does all year is very much appreciated and thanked public safety, utilities, and public works employees in advance of the extra work that will be done before, during, and after the snow storm.

North Central College Football National Championship
Council congratulated the football team on a perfect season and winning the 2022 Stagg Bowl.

Q. ADJOURNMENT:

A motion was made by Councilman White, seconded by Councilman Hinterlong, to adjourn the Regular City Council Meeting of December 20, 2022 at 9:24 p.m. The motion carried by a voice vote.
