I was a resident of Naperville from 1965 to 1996, then lived elsewhere for fifteen years. When I returned here and have now been here for approximately seven years, it is so very apparent that small businesses have a hard time being successful. I think it is so apparent that businesses like Nikole's need Naperville's support so that the many empty business suites can be filled.

Thanks, Robert

PS It is also apparent that the major thoroughfares of Naperville are full of trash. Case in point is Raymond Drive along McDowell Grove, Diehl Rd, Naperville Wheaton Rd, and many others.
