Re: Description of Proposal/USE - Petition for Development Approval: Conditional Use Permit

TED Group,

I am the President and owner of a newly formed corporation, Soma Sage Health and Healing, Inc., located at 1112 S. Washington St., Suite 10 in Naperville. I am a licensed health care professional, Massage Therapist #227017796, licensed by the State of Illinois. I am a sole practitioner at Soma Sage Health Healing. I currently have no (0) employees other than myself at this practice.

At Soma Sage Health & Healing I will continue to practice Myotherapy/Clinical Massage Therapy meaning that I work with clients to relieve pain, reduce muscle tension and improve range of motion. The main modalities I utilize in my practice are: Swedish, Deep Tissue, Proprioceptive Neuromuscular Facilitation, CranioSacral Therapy, Cupping Therapy (vacuum only) and Foot Reflexology.

The main demographic of my practice is women age 30-60. My decision to move to a near downtown Naperville location was motivated by my desire to continue treating my core clientele, the majority of whom are Naperville residents. Because this group very often requires multiple sessions for a series of weeks or months to rehabilitate from an injury and then to maintain optimal functioning, a convenient location, (i.e., near downtown area), is optimal for the majority of my clients.

I appreciate your allowing me to operate Soma Sage Health & Healing, Inc. while undergoing the Conditional Use Permit application process. By being available to clients and by making other local health professionals who may refer new clients, aware of my location I increase my accessibility and value to Naperville area. As previously agreed, if the CUP is not granted I will halt operation.

Sincerely,

Nikole Clay, LMT
President, Soma Sage Health & Healing Inc.
