2. Master Plan Walk - Pat Kennedy

The Riverwalk Commission is in the process of modifying the Development Guidelines and changing the name to the Riverwalk Master Plan. This document will include large and small projects that will guide the development of the Riverwalk in future years. These projects will happen over time as the need and funding are available.

Commissioners and others visited sites that are being considered as possible projects and enhancement opportunities. Some of these include the South Extension from Hillside Road to Martin Avenue, a bike lane from Hillside Road to Fredenhagen Park, 430 S. Washington Street, the pavilion at Fredenhagen Park, the north and south DuPage River shoreline between Main Street and Washington Street, the Eagle Street Gateway and the Grand Pavilion.

During the site visits, Commissioners reimagined how each location could provide additional safety, complete a gap in the Riverwalk pathway, provide for additional accessibility and/or make the Riverwalk more hospitable to its users.

Discussion will continue during the next several months.
