2019 flags have been installed on Rotary Hill in honor of Veteran's Day. They will remain until Tuesday, November 12, 2019. This year it only took 52 minutes to install all the flags. A Veteran's Day ceremony will take place on Monday, November 11 at 11:00 a.m.

The Santa House will be installed next week in preparation for the holiday season.
- d. Riverwalk Fountains
All the Riverwalk fountains have been drained and turned off for the winter.

Erickson has finally found a vendor to repair the damaged wall at the Riverwalk parking lot. Weather permitting, the repair should take place yet this fall. Once the wall is repaired, the Park District will replace the damaged drinking fountain.

3. Riverwalk Master Plan - Pat Kennedy

The Riverwalk Commission has changed the name of the Development Guidelines to the Riverwalk Master Plan. The Commission is working to create a long-term plan to help identify and guide future development on the linear park. The Master Plan will be a listing of projects that the Commission deems important to the growth of this important local asset. These projects will happen over time as the need and funding are available.

A second walk allowed Commissioners who missed the first walk to see firsthand the areas being considered as possible Master Plan projects and enhancement opportunities. Several projects being considered are as follows:

- The South Extension from Hillside Road to Martin Avenue
- A bike lane from Hillside Road to Fredenhagen Park
- Construction of 430 S. Washington Street
- Updating the pavilion at Fredenhagen Park
- Develop the north and south shoreline between Main Street and Washington Street

- The Eagle Street Gateway
- Reimagine the Grand Pavilion and adjacent parking lot using Best Management Practices
- Install a pollinator garden on the west extension with interpretive signage
- Install a permanent easel on east extension
- Restore areas of the shoreline with native plantings and interpretive signage
- Address dead-end walkway on west extension near the Visitor Center and RiverPlace.

As a part of the work on the Master Plan, the Riverwalk 2031 Vision document will be reviewed and updated in coming months. These important discussions will continue over the next several months.
