RE: Sister Cities Commission

Dear Presidente Espinosa,

It is with esteem honor and pride that we share that on April 22, 2020, our City Council adopted Ordinance No. 20-042 adding City of Cancún located in the municipality of Benito Juarez, in the state of Quintana Roo, Mexico formally creating our sister city partnership.

Please find attached an agreement that identifies key mayoral & commission priorities relevant to both Cancún and Naperville. We feel that this new partnership will generate new initiatives and create opportunities for both communities to collaborate and work through some common challenges.

We kindly ask that you review, sign and return the attached agreement that formalizes our new relationship.

I would like to officially welcome you and City of Cancún and look forward to discussing further development and mutual cooperation between our cities.

Sincerely,

CITY OF NAPERVILLE,

Steve Chirico
Mayor

Patricia Gustin
Councilwoman
Sister Cities Commission
