In accordance to your notice of public hearing, I would like to object to all variances proposed to city case #20-1-095.

The vehicle that is suggested is a large camper bus that includes a bed, a bathroom, a seating area as well as the normal front driving cab.. This is not a daily use vehicle and will wind up just sitting in the driveway, blocking views and becoming unsightly for the residents living on the 000 block of Pepperidge. If it's going to be a work van, I object strenuously as it has no business in a residential driveway.

If this is a request to park very short term, I have no objection

Where does it end?

There are many storage yards for RV's and I suggest making storage arrangements for this vehicle.

Thank You

William Green
