Re: **Naperville Park District's Monthly Field Report for the Riverwalk Commission Regular Meeting**

---

### **Field Report for December, 2020:**

- The designs for the annual flower beds have been completed, RFP's were sent to the growers. Delivery will be scheduled for the third week of May.
- The mild winter start has provided us the opportunity to cut back perennials and continue with the invasive plant removal around the paddleboat quarry.
- Six bollard light fixtures around the paddleboat quarry and gazebo have been replaced with LEDs.
- Steve Piper and Sons was on site for two days in mid-December to selectively prune some of the large trees on and around Rotary Hill.
- Staff sent two pumps to the shop for rehab, both from the Fredenhagen fountain.

### **Carillon Update – provided by Brittany Malatt (NPD)**

- There are no scheduled events during January.

### **Other points of interest:**

- The Sled hill is up and waiting for more snow.
- Hockey rinks and the free skate area west of the Beach has been constructed and flooded, but is not yet officially open.
