C. PUBLIC FORUM:

D. OLD BUSINESS:

E. NEW BUSINESS:

Review and discuss the current SECA Grant Fund categories

The Commissioners discussed the possibility of dividing the applications into the following categories:

50% Special Events with City services

50% Cultural Amenities with the following sub-categories:

- Capital projects/permanent installations
- Visual arts/temporary installations
- Performing arts (music, dance, theater)
- New initiatives
- Targeted locations/specific annual call for projects topic

The task force members also discussed the following conditions and process specifics:

In the event there are no applications for a category, those funds will be made available to other categories at the recommendation of the Commission.

If the Commissioners do not recommend any grants for a particular category

after the first Commission meeting, those unallocated funds will be made available to other categories.

New Initiatives would include events and amenities not currently offered in Naperville, such as a "Buskers" event, an improv or other comedy event, an opportunity to explore electronic art (display or gaming).

Target locations may include a call for events south of 75th Street, near Freedom Commons, or a special call for projects that support a specific theme, like "peace", "community" or "diversity."

All of the applications would be evaluated within the same structure the Commission currently evaluates applications and the event would need to follow the same eligibility and reporting requirements as current grant recipients.

The task force members will present these suggestions to the full Commission at an upcoming meeting.

F. ADJOURNMENT:

The taskforce meeting was adjourned at 6:55 p.m.
