**CITY COUNCIL AGENDA ITEM**

**ACTION REQUESTED:**

Pass the ordinance approving the amended final condominium plat of survey for Central Park Place Residential Condominium (110 S. Washington) - PZC 18-1-110

**DEPARTMENT:** Transportation, Engineering and Development

**SUBMITTED BY:** Erin Venard, DRT - Project Manager

**BOARD/COMMISSION REVIEW:**

N/A

**BACKGROUND:**

The subject property, 110 S. Washington Street, is generally located north of Jefferson Avenue and east of Washington Street and is zoned B4 (Downtown Core District). It is approximately 0.56 acres in size and is improved with the Old Nichols Library building and an 87,000-square foot, four-story mixed used building which is currently under construction.

**DISCUSSION:**

On March 19, 2019, the City Council passed Ordinance 19-036 approving the Preliminary/Final Plat of Subdivision and Owner’s Acknowledgment and Acceptance Agreement (OAA), in order to develop the Subject Property with an approximately 87,000 square foot, four-story mixed-use building. The design consisted of an underground parking garage, commercial uses on the first floor, and 17 residential dwelling units on the second, third and fourth floors.

On June 16, 2020, the City Council passed Ordinance 20-065 approving the Final Condominium Plat of Survey for Central Park Place Residential Condominium. The condo plat included 17 residential units, a limited common area which is comprised of two parking spaces per residential unit to be

located in the lower level and first floor of the building, and common area on the first floor and roof of the building, and four guest parking spaces and bicycle parking in the lower level.

The petitioner, Great Central Properties III, LLC, is currently requesting to amend the Condominium Plat in order to delineate the as-built measurements of five of 17 residential condominium units. The as-built measurements are a requirement for the petitioner to close on the five units.
